The Public Safety Department shall insure that reasonable protection is provided by using methods that fit within, and contribute to, the educational mission and procedures of the institution. The District works cooperatively with the Monterey County Sheriff's Department, Salinas Police Department at the Main Campus and Alisal Campus in Salinas, CA and the King City Police Department at the King City Education Center in providing assistance for incidents that require Law Enforcement resources not available to the District.

Campus Safety and Education

The Public Safety Department encourages members of the Hartnell community to assist in preventing crime by minimizing opportunities to become a victim by using good judgment, safety practices, and by encouraging students and employees to be responsible for their own and others' safety. During the reporting period there were educational presentations conducted regarding crime prevention and safety to students and staff and records of these trainings have been maintained at the Public Safety and Emergency Management Office in Bldg. T. A variety of crime prevention handouts are also available at the Hartnell main campus Safety Office, as well as at the Alisal Campus and King City Center.

- **Board Policy 3500 Campus Safety provides that “The Board of Trustees is committed to a safe and secure District work and learning environment. To that end, the superintendent/president shall establish a campus safety plan and ensure that it is posted or otherwise made available to students.**

Any such program must comply with applicable sections of the **Education and Penal Codes and all requirements of the Crime Awareness and Campus Safety Act of 1990.**

The superintendent/president has established procedures for the implementation of this policy, e.g., AP 3500.. These procedures also are located in the Office of the Vice President for Administrative Services.

Campus Safety Act of 1990

I. Reporting of a Crime

Members of the Hartnell Community College District who are witnesses or victims of a crime should immediately report the crime to Hartnell CCD's Campus Safety Office. In the event an employee is assaulted, attacked, or menaced by a student or non-student, the employee shall notify his/her supervisor as soon as practical after the incident. The supervisor of any employee who is attacked, assaulted, or menaced shall assist the employee to promptly report the attack or assault to the Hartnell CCD's Campus Safety Office. The supervisor himself/herself shall make the report if the employee is unable or unwilling to do so. The Campus Safety Office shall report any such incidents to the local law enforcement agency.

Reporting a complaint to local law enforcement will not relieve the District of its obligation to investigate all complaints of harassment. (Ed. Code § 87014.)

- To report a crime, contact Hartnell CCD's Campus Safety Office at (831) 770-7001 (for non-emergencies) and dial 9-1-1 (for emergencies only).
- Any suspicious activity or person seen in the parking lots or loitering around vehicles or inside buildings should be reported to the Campus Safety Office.

With your permission, the District's Campus Security Officers can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others.

With such information, the District can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the Annual Crime Statistics for the institution.

The District's Public Safety Office encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the District's Public Safety Office cannot hold reports of crime in confidence.

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Campus Safety authorities as identified below.

- Confidential reports of crime may also be made to Crime Stoppers of Monterey County at **800-499-2746**.

Code § 67383.)**

The report shall not identify the victim, unless the victim consents to being identified after the victim has been informed of his/her right to have his/her personally identifying information withheld. If the victim does not consent to being identified, the alleged assailant shall not be identified in the information disclosed to the local law enforcement agency unless the District determines the following:

All entries to the log must be made within two (2) business days of the report to the Public Safety Office. The District may withhold information from the log, until such time as disclosure would be appropriate, if there is clear and convincing evidence that the release of such information would jeopardize an ongoing investigation or the safety of an individual, cause the suspect to flee or evade detection, or result in the destruction of evidence. This crime log, for the most recent 60 days, shall be open for public inspection during normal business hours. **(20 USC 1092(f); 34 CFR 668.46, subd. (f).)**

Upon confirming that significant emergency or dangerous situation involving an immediate threat to the community exists, an emergency notification will be initiated to the campus as soon as possible, without delay, taking into account the safety of the community, unless the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist victim or to contain, respond to, or otherwise mitigate the emergency.

The content of the notification shall be determined based on the nature of the emergency. The content will include the nature of the emergency, such as a gas leak, chemical spill, dangerous threat, and instructions to the campus population such as to shelter in place, remain indoors, evacuate a building, to remain out of the affected area, or to remain away from the campus.

The Director of Public Safety and Emergency Management will contact the VP of Administrative Services or the Superintendent/President of the College to brief them on the circumstances of the emergency. The District has established procedures for disseminating emergency information to the larger community.

The District conducts annual training exercises to test the response and capabilities of the campus critical operations. In addition to an annual test to include the Emergency Operations Center in the conference room of Bldg. T.

Incident Reporting System

If you witness, or are aware of, a potential risk to another student, faculty or staff member, you may file a report through our online Report Concerning Behavior icon on the [Hartnell College Web Page](#).

Parents, students, faculty, guests and staff may use this system to report a range of incidents such as: bullying, vandalism, suspicious activity, academic cheating or possession of an illegal substance. The appropriate university department will investigate all reports. Your information will remain confidential and you have the option to submit the form anonymously.

If you have an emergency, please Call 9-1-1 for immediate assistance.

The Jeanne Clery Act “Clery Act”

The Jeanne Clery Disclosure of Campus Safety Policy and Campus Crime Statistics Act (most commonly referred to as the “Clery Act”) is named for a 19-year-old student who was raped and murdered in 1986 while a freshman at Lehigh University. Her death led to national awareness of the way campus law enforcement handles the investigation of crime on campus as well how it disseminates security information and crime statistics to the campus population with The Jeanne Clery Act.

To be in compliance with The Jeanne Clery Act, Colleges and Universities must comply by completing the:

- Annual Security Report
- Statements of Policy
- Campus Crime Statistics
- Campus Sexual Assault Victim Bill of Rights
- SaVE Act Statistics
- Ongoing Disclosures
- Emergency Notifications
- Timely Warnings
- Public Crime Log

The U.S. Department of Education enforces The Jeanne Clery Act.

Sexual Assault Reporting and Assistance

Members of the College community are acutely aware that the victim of a sexual assault may be physically and emotionally traumatized by an attack and each occurrence requires prompt and immediate attention. Sexual assaults will not be tolerated and each incident will be investigated with appropriate disciplinary, criminal, or legal action with the consent from the victim.

If you are a victim of a sexual assault, please do the following:

- Go to a safe place as soon as you can.
- Try to preserve all physical evidence. Do not wash, use the toilet, or change clothing if you can avoid it. If you change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- Contact the Salinas Police Department as soon as possible by calling 9-1-1 for an emergency. Campus Safety members will assist you in notifying the appropriate law enforcement agency.
- Get medical attention.
- Talk with Crisis Counseling Services at 831- 770-7019. Campus Safety personnel will assist you in contacting a trained professional whether you want to pursue legal action or not. Victims have the right to have an advocate and support person present at the hospital for examination.
- Contact someone you trust.

Education and Prevention

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence and domestic violence occurring among its students, Hartnell Community College District utilizes a range of strategies and initiatives to provide awareness, educational, risk reduction and prevention programming.

Hartnell Community College District offers programming to prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults) and stalking each year. Educational programs are offered to raise awareness for all students, staff and faculty. These programs and others offered throughout the year include strong messages regarding not just awareness, but also primary prevention (including normative messaging, environmental management and bystander intervention), and discuss institutional policies on sexual misconduct as well as the California Penal Code definitions of domestic violence, dating violence, sexual assault, stalking and consent in reference to sexual activity. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, identifying allies and/or creating distractions.

The following were conducted in 2020/2021 up to this reporting:

- Hate Crimes Webinar
- Prevention & Awareness Education
- Mental Health Awareness
- Information on sexual assault, domestic violence, dating violence, and stalking
- Timely Warnings and Emergency Notification
- Information on the Clery Act and Title IX
- Numerous Safety Presentations given by Public Safety and Emergency Management

Sexual Violence on Campus

The District has developed a comprehensive Sexual Assault Policy for working with students, staff, and faculty who are victims of sexual violence.

Sexual Assault is a crime regardless of when or where it occurs, or what the relationship is between the attacker and the victim. Hartnell College is committed to providing a safe environment for students and staff. Reports of sexual misconduct will be thoroughly investigated and the victim informed of the outcome.

If you, or someone you know, have been the victim of sexual misconduct, gender based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence, some or all of these safety suggestions may guide you after an incident has occurred:

1. Go to a safe place and speak with someone you trust. Tell this person what happened. If there is any immediate danger, contact **Campus Security (831) 755-6888** if you are on campus or call 9-1-1 if you are off campus.
2. Consider securing immediate professional support (e.g. counseling, victim advocacy, medical services, etc.) to assist you in the crisis.
3. If you are on campus during regular business hours, you may go to Counseling Services, for support and guidance. These are both confidential resources.
4. For your safety and well-being, immediate medical attention is encouraged. Further, being examined as soon as possible ideally within 72 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge. To preserve evidence, it is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable. Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They will gather bedding, linens or unlaundered clothing and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet, to avoid

contamination. If you have physical injuries, photograph or have them photographed, with a date stamp on the photo. Record the names of any witnesses, and their contact information. This information may be helpful to the proof of a crime, to obtain an order of protection or to offer proof of a campus policy violation. Try to memorize details (physical description, names, license plate number, car description), or even better, write notes to remind you of details, if you have time and the ability to do so. If you obtain external orders of protection (e.g. restraining orders, injunctions, protection from abuse), please notify Campus Safety or the **Title IX Coordinator** (Vice President of Human Resources), so that those orders can be observed on campus.

5. Even after the immediate crisis has passed, consider seeking support from campus or community counseling center(s), and/or the local Victim/Witness Assistance Program. Confidential counseling is available on campus through the Counseling Department at 831-755-6820.

In addition to: **Victim Witness Assistance Program #58**
 142 West Alisal St., Suite A
 Post Office Box 1131
 Salinas, California 93902

 Fax: (831) 755-5003

Off campus confidential counseling is available at Natividad Medical Center-24hr Crisis Line: 831-755-4111.

6. Contact the Office of Student Affairs if you need assistance with concerns, such as no-contact orders or other protective measures. The staff will also assist in any needed advocacy for students who wish to obtain protective or restraining orders from local authorities. The College is able to offer reasonable academic accommodations, transportation accommodations, safety escorts, no contact orders, counseling services access and other support and resources as needed by a victim. **(BP 3540/AP 3540)**

Registered Sex Offenders

Information concerning registered sex offenders as required under the California Penal Code Sections 290 can be obtained from the Salinas Police Department, Monterey County Sheriff's Office, the King City and Soledad Police Departments. The information may also be obtained by visiting [Megan's Law](#) Sex offenders are required to register with the Department of Public Safety and with local law enforcement.

Crime Prevention Programs

Crime Prevention and personal safety tips are available via the [Campus Safety Website](#).

Over this reporting year, numerous safety presentations to constituent groups on Active Shooter, Emergency Management, Safety Systems and features, etc. Most of these training was facilitated at staff and faculty meetings and Staff Development trainings. These trainings help educate campus staff, faculty and students. In addition, faculty receive a Syllabus statement that directs them what to do in an Emergency and is disseminated to classes to educate their student's regarding emergencies and crime prevention.

In addition, the district holds an Emergency Management Team meetings which are held monthly with the exception of times when school is not in session (semester breaks). In addition, the Safety Committee meets quarterly and this committee represents all campus constituencies. The committee reviews campus hazards and safety issues reporting procedures amongst topics. This committee makes recommendations to address environmental hazards and enhance reporting. In addition, trainings are conducted within the committee to enhance information sharing amongst constituent groups.

Drug-Free Schools & Campuses Act

The College is committed to creating a safe and healthy learning environment for all members of the campus community. The College disapproves of alcohol abuse, intoxication, and any resulting unacceptable conduct. The legal drinking age is 21 years and on-campus use of alcohol is prohibited by State Law. Abuse of alcohol in any context will not be tolerated. Violations of state laws pertaining to the possession, use, and sale of alcoholic beverages, including underage violators, are enforced on campus. The Salinas Police Department enforces all Federal and State Laws pertaining to violations of drug manufacturing, distribution, dispensation, possession or use.

All members of the campus community are subject to disciplinary action and/or criminal prosecution for the on-campus possession, use, sale or distribution (by either sale or gift) of any quantity of inappropriate prescription drugs, or controlled substances as defined by the State of California Health and Safety Code. Students found to be in violation of this policy may be subject to the Standards or Student Conduct and Discipline Procedures. Any district employee who violates these laws is subject to prosecution by civil authorizes and disciplinary action by the District.

It is the policy of the Hartnell College District to maintain a drug-free campus by prohibiting the manufacturing (or manufactured), distribution, dispensing, possession or use of controlled substances as listed in Section 22: The **Drug Free Schools and Communities Act Amendment of 1989 (Public Law 101-226)**, which includes, but is not limited to, substances such as marijuana, heroin, cocaine, amphetamines, and alcohol.

For the purpose of this policy, campus shall mean those places where a student is involved in an authorized college activity. The campus includes, but is not limited to: property owned or leased by the district; any place used by the district for student participation in a field trip; field study; athletic competition; study travel program; and in district or private vehicles being used for official district business.

In implementing this policy, all students shall be made aware of the danger of drug abuse and the college and community resources available for counseling and rehabilitation of those with drug-related problems. All students shall also be informed of the consequences of drug abuse

violations. These consequences shall include, but are not limited to: student disciplinary action pursuant to Education Code and District policy.

As a condition of continued enrollment, students shall abide by the terms of the policy. Individuals on campus who are not Hartnell College students are required to comply with this policy. Such individuals who unlawfully manufacture, distribute, dispense, possess or use controlled substances may be barred from Hartnell College campuses. **(BP 5230)**

Harassment

The District is committed to providing an academic and work environment free of unlawful harassment. This procedure defines sexual harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure and the related policy protects students and employees in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, a District bus, or at a class or training program sponsored by the District at another location.

Harassment Definitions

General Harassment: Harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct:

- **Verbal:** Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person's race gender, sexual orientation, or other protected status. This may include, but

is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation; or sexist, patronizing or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation or other protected status.

- **Physical:** Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.
- **Visual or Written:** The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, and graffiti, reading materials, computer graphics or electronic media transmissions.
- **Environmental:** A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his/her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the

conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.

- **Sexual Harassment:** In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:
 - Submission to the conduct is made a term or condition of an individual's employment, academic status, or progress;
 - Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
 - The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or
 - Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- **"Quid pro quo"** sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
- **"Hostile Environment"** sexual harassment occurs when unwelcome conduct based on a person's gender is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Examples: Harassment includes, but is not limited to the following misconduct:

- **Verbal:** Inappropriate or offensive remarks, slurs, jokes or innuendoes based on a person's protected status, including but not limited to sex. This may include,

but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats or intimidation of a sexual nature; or sexist, patronizing or ridiculing statements that convey derogatory attitudes about a particular gender.

- **Physical:** Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures.
- **Visual or Written:** The display or circulation of offensive sexually oriented or other discriminatory visual or written material. This may include, but is not limited to, posters, cartoons, drawings, and graffiti, reading materials, computer graphics or electronic media transmissions.
- **Environmental:** An academic or work environment that is permeated with racially or sexually-oriented talk, innuendo, insults or abuse not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. An environment may be hostile if unwelcome sexual behavior or other harassing behavior based on a protected status is directed specifically at an individual or if the individual merely witnesses unlawful harassment in his/her immediate surroundings. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.
- **Consensual Relationships:** Romantic or sexual relationships between supervisors and employees or between administrators, faculty or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty or staff member must evaluate the student's or employee's work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes

unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

- **Academic Freedom:** The District is committed to academic freedom, but recognizes that academic freedom does not allow sexual harassment or any other form of unlawful harassment or discrimination. The lecture, content, and discourse that are an intrinsic part of the course content shall, in no event, constitute sexual harassment or other form of unlawful harassment or discrimination. It is recognized that an essential function of education is a probing of received opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom ensures the faculty's right to teach and the student's right to learn. If a faculty member is concerned about the appropriateness of certain content for a particular course, the faculty member is encouraged to discuss the material with the academic senate and/or dean for that discipline. Finally, nothing in this policy shall be interpreted to prohibit academic requirements for a specific program, course or activity. **(BP 3430/AP3430)**

Discrimination and Harassment Procedures

The District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or because he/she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Superintendent/President shall establish administrative procedures that ensure all members of the college community can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the **Title 5 regulations** and those of other agencies that administer state and federal laws regarding nondiscrimination.

No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are discriminatory on the basis of national origin, religion, age, gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, or because he/she is perceived to have one or more of the foregoing characteristics, or because of his/her association with a person or group with one or more of these actual or perceived characteristics. **(BP 3410/AP 3410)**

- **Filing a Timely Complaint:** Since failure to report harassment and discrimination impedes the District's ability to stop the behavior, the District strongly encourages anyone who believes they are being harassed or discriminated against, to file a complaint. The District also strongly encourages the filing of such complaints within 30 days of the alleged incident. While all complaints are taken seriously and will be investigated promptly, delay in filing impedes the District's ability to investigate and remediate.

All supervisors and managers have a mandatory duty to report incidents of harassment and discrimination; the existence of a hostile, offensive or intimidating work environment, and acts of retaliation.

The District will investigate complaints involving acts that occur off campus if they are related to an academic or work activity.

- **Communicating that the Conduct is Unwelcome:** The District further encourages students and staff to let the offending person know immediately and firmly that the conduct or behavior is unwelcome, offensive, in poor taste and/or inappropriate.
- **Oversight of Complaint Procedure:** The Chief Human Resources Officer (Vice President of Human Resources) is the "responsible District officer" charged with receiving complaints of discrimination or harassment, and coordinating their investigation. In the event the Chief Human Resources Officer is not available to coordinate an investigation, the Chief Business Officer (Vice President of Administrative Services) will coordinate the investigation.

The actual investigation of complaints may be assigned by the Superintendent/President to other staff or to outside persons or organizations under contract with the District, particularly if the Chief Human Resources Officer is named in the complaint or implicated by the allegations in the complaint.

Discrimination and Harassment Procedures

- **Who May File a Complaint:** Any student, employee, or third party who believes he/she has been discriminated against or harassed by a student, employee, or third party in violation of this procedure and the related policy.
- **Where to File a Complaint:** A student, employee, or third party who believes he/she has been discriminated against or harassed in violation of these policy and procedures may make a complaint orally or in writing, within one year of the date of the alleged harassment or the date on which the complainant knew or should have known of the facts underlying the complaint.

If a complainant decides to file a formal written unlawful discrimination or harassment complaint against the District, he/she must file the complaint on a form prescribed by the State Chancellor's Office. The approved form is available from the Office of Human Resources, the Hartnell College website, and at the State Chancellor's Office website.

The completed form must be filed with any of the following:

- Chief Human Resources Officer; Vice President Human Resources
- Chief Student Services Officer; Vice President Student Affairs
- State Chancellor's Office

Employee complainants shall be notified that they may file employment discrimination complaints with the U.S. Equal Employment Opportunity Commission (EEOC) or the Department of Fair Employment and Housing (DFEH).

Complaints filed with the EEOC and/or the DFEH should be forwarded to the State Chancellor's Office.

Any District employee who receives a harassment or discrimination complaint shall notify the Chief Human Resources Officer immediately.

Intake and Processing of the Complaint: Upon receiving notification of a harassment or discrimination complaint, the Chief Human Resources Officer shall:

Undertake efforts to informally resolve the charges, including but not limited to mediation, rearrangement of work/academic schedules; obtaining apologies; providing informal counseling and/or training, etc.

- Mediation is not appropriate for resolving incidents involving sexual violence.
- Advise a student complainant that he/she may file a complaint with the Office of Civil Rights of the U.S. Department of Education and employee complainants may file a complaint with the Department of Fair Employment and Housing. All complainants should be advised that they have a right to file a complaint with local law enforcement. The District must investigate even if the complainant files a complaint with local law. The complainant that he/she need not participate in an informal resolution of the complaint, as described above, and has the right to end the informal resolution process at any time. In addition, the District should ensure that complainants are aware of any available resources, such as counseling, health, and mental health services. The Chief Human Resources Officer shall also notify the State Chancellor's Office of the complaint.
- Take interim steps to protect a complainant from coming into contact with an accused individual, especially if the complainant is a victim of sexual violence. The Chief Human Resources Officer should notify the complainant of his or her options to avoid contact with the accused individual and allow students to change academic situations as appropriate. For instance, the District may prohibit the accused individual from having any contact with the complainant pending the results of the investigation. When taking steps to separate the complainant and accused individual, the District shall minimize the burden on the complainant. For example, it is not appropriate to remove complainants from classes or housing while allowing accused individuals to remain.
- Authorize the investigation of the complaint, and supervise and/or conduct a thorough, prompt and impartial investigation of the complaint, as set forth below. Where complainants opt for informal resolution, the designated officer will determine whether further investigation is necessary to ensure resolution of the matter and utilize the investigation process outlined below as appropriate. In the case of a formal complaint, the

investigation will include interviews with the complainant, the accused, and any other persons who may have relevant knowledge concerning the complaint. This may include victims of similar conduct.

- Review the factual information gathered through the investigation to determine whether the alleged conduct constitutes harassment, or other unlawful discriminatory conduct, giving consideration to all factual information and the totality of the circumstances, including the nature of the verbal, physical, visual or sexual conduct, and the context in which the alleged incidents occurred.
- Set forth the results of the investigation in a written report. The written report shall include a description of the circumstances giving rise to the complaint, a summary of the testimony of each witness, an analysis of any relevant data or other evidence collected during the investigation, a specific finding as to whether there is probable cause to believe that discrimination did or did not occur with respect to each allegation in the complaint, a description of actions the District will take to prevent similar conduct, the proposed resolution of the complaint, the complainant's right to appeal to the District's Governing Board, and if the complaint does not involve employment discrimination, the right to appeal to the State Chancellor. If the complaint involves employment discrimination, the report shall include the right to file an administrative complaint with the Department of Fair Employment and Housing. The report may contain any other appropriate information.
- Provide the complainant and accused with a copy or summary of the investigative report within ninety days from the date the District received the complaint. The complainant and accused shall also be provided with a written notice setting forth the determination of the District as to whether harassment or other discriminatory conduct did or did not occur with respect to each allegation in the complaint; a description of action taken, if any, to prevent similar problems from occurring in the future; the proposed resolution of the complaint; and notice of the parties' rights to appeal to the District's Board of Trustees and the State Chancellor's Office. If the complaint involves allegations of employment discrimination, the complainant will be notified of his/her right to file a complaint with the California Department of Fair Employment and Housing or the U.S. Equal Employment Opportunity Commission. The results of the investigation and the determination as to whether harassment or other discriminatory conduct occurred shall

also be reported to the accused, and the appropriate academic or administrative official(s). Reports to the complainant shall be prepared so as not to violate any applicable privacy rights of the accused.

Investigation of the Complaint: The District shall promptly investigate every complaint of harassment or discrimination. No claim of workplace or academic harassment or discrimination shall remain unexamined. This includes complaints involving activities that occur off campus and in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, on a District bus, or at a class or training program sponsored by the District at another location.

As set forth above, where the complainant opts for an informal resolution, the Chief Human Resources Officer may limit the scope of the investigation, as appropriate. The District will keep the investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a “need-to know-basis” is essential to a thorough investigation. When determining whether to maintain confidentiality, the District may weigh the request for confidentiality against the following factors: the seriousness of the alleged harassment; the complainant’s age; whether there have been other harassment complaints about the same individual; and the accused individual’s rights to receive information about the allegations if the information is maintained by the District as an “education record” under the **Family Educational Rights and Privacy Act (FERPA), 20 U.S. Code Section 1232g; 34 Code Federal Regulations Part 99.15**. The District will inform the complainant if it cannot maintain confidentiality.

Investigation Steps: The District will fairly and objectively investigate harassment and discrimination complaints. Employees designated to serve as investigators under this policy shall have adequate training on what constitutes sexual harassment, including sexual violence, and that they understand how the District’s grievance procedures operate. The investigator may not have any real or perceived conflicts of interest and must be able to investigate the allegations impartially.

Investigators will use the following steps: interviewing the complainant(s); interviewing the accused individual(s); identifying and interviewing witnesses and evidence identified by each party; identifying and interviewing any other witnesses, if needed; reminding all individuals

interviewed of the District's no-retaliation policy; considering whether any involved person should be removed from the campus pending completion of the investigation; reviewing personnel/academic files of all involved parties; reach a conclusion as to the allegations and any appropriate disciplinary and remedial action; and see that all recommended action is carried out in a timely fashion. When the District evaluates the complaint, it shall do so using a preponderance of the evidence standard. Thus, after considering all the evidence it has gathered, the District will decide whether it is more likely than not that discrimination or harassment has occurred.

Timeline for Completion: The District will undertake its investigation promptly and swiftly as possible. To that end, the investigator shall complete the above steps, and prepare a written report within 90 days of the District receiving the complaint.

Cooperation Encouraged: All employees are expected to cooperate with a District investigation into allegations of harassment or discrimination. Lack of cooperation impedes the ability of the District to investigate thoroughly and respond effectively. However, lack of cooperation by a complainant or witnesses does not relieve the District of its obligation to investigate. The District will conduct an investigation if it is

discovered that harassment is, or may be occurring, with or without the cooperation of the alleged victim(s) and regardless of whether a complaint is filed.

Discipline and Corrective Action: If harassment, discrimination and/or retaliation occurred in violation of the policy or procedure, the District shall take disciplinary action against the accused and any other remedial action it determines to be appropriate. The action will be prompt, effective, and commensurate with the severity of the offense. Remedies for the complainant might include, but are not limited to:

- Providing an escort to ensure that the complainant can move safely between classes and activities;
- Ensuring that the complainant and alleged perpetrator do not attend the same classes or work in the same work area;
- Preventing offending third parties from entering campus;
- Providing counseling services;
- Providing medical services;

- Providing academic support services, such as tutoring;
- Arranging for a student-complainant to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the complainant's academic record; and
- Reviewing any disciplinary actions taken against the complainant to see if there is a causal connection between the harassment and the misconduct that may have resulted in the complainant being disciplined.

If discipline is imposed, the nature of the discipline will not be communicated to the complainant. However, the District may disclose information about the sanction imposed on an individual who was engaged in harassment when the sanction directly relates to the complainant; for example, the District may inform the complainant that the harasser must stay away from the complainant.

Disciplinary actions against faculty, staff, and students will conform to all relevant statutes, regulations, personnel policies and procedures, including the provisions of any applicable collective bargaining agreement.

The District shall also take reasonable steps to protect the complainant from further harassment, and/or discrimination, and to protect the complainant and witnesses from retaliation as a result of communicating the complaint and/or assisting in the investigation. The District will ensure that complainants and witnesses know how to report any subsequent problems, and should follow-up with complainants to determine whether any retaliation or new incidents of harassment have occurred. The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the privacy of all parties to the extent possible without impeding the District's ability to investigate and respond effectively to the complaint if the District cannot take disciplinary action against the accused individual because the complainant refuses to participate in the investigation, it should pursue other steps to limit the effects of the alleged harassment and prevent its recurrence.

Appeals: If the District imposes discipline against a student or employee as a result of the findings in its investigation, the student or employee may appeal the decision using the procedure for appealing a disciplinary decision. If the complainant is not satisfied with the results of the administrative determination, he/she may, within fifteen days, submit a written appeal to the Board of Trustees. The Board shall review the original complaint, the investigative

report, the administrative decision, and the appeal. The Board shall issue a final District decision in the matter within 45 days after receiving the appeal. A copy of the decision rendered by the Board shall be forwarded to the complainant and to the State Chancellor's Office. The complainant shall also be notified of his/her right to appeal this decision.

If the Board does not act within 45 days, the administrative determination shall be deemed approved and shall become the final decision of the District in the matter. In any case involving employment discrimination, including workplace harassment, the complainant may, at any time before or after the issuance of the final decision of the District, file a complaint with the Department of Fair Employment and Housing. In such cases, the complainant may also file a petition for review with the State Chancellor's Office within thirty days after the governing board issues the final decision or permits the administrative decision to become final. In any case not involving workplace discrimination, harassment, or retaliation, the complainant shall have the right to file a written appeal with the State Chancellor's Office within thirty days after the Board issued the final District decision or permitted the administrative decision to become final. Such appeals shall be processed pursuant to the provision of **Title 5 Section 59350**.

Within 150 days of receiving a formal complaint, the District shall forward to the State Chancellor's Office the original complaint, the investigative report, a copy of the written notice to the complainant setting forth the results of the investigation, a copy of the final administrative decision rendered by the Board or indicating the date upon which the decision became final, and a copy of the notification to the complainant of his/her appeal rights. If, due to circumstances beyond its control, the District is unable to comply with the 150-day deadline for submission of materials, it may file a written request for an extension of time no later than ten days prior to the expiration of the deadline.

Dissemination of Policy and Procedures: District Policy and Procedures related to harassment will include information that specifically addresses sexual violence. District policy and procedures will be provided to all students, faculty members, members of the administrative staff and members of the support staff, and will be posted on campus and on the District's website.

When hired, employees are required to sign that they have received the policy and procedures, and the signed acknowledgment of receipt is placed in each employee's personnel file. In addition, these policies and procedures are incorporated into the District's course catalogs and orientation materials for new students.

Training

By January 1, 2006, the District shall provide at least two hours of classroom or other effective interactive training and education regarding sexual harassment to all supervisory employees who are employed as of July 1, 2005. All new supervisory employees must be provided with the training and education within six months of their assumption of a supervisory position. After January 1, 2006, the District shall provide sexual harassment training and education to each supervisory employee once every two years.

Effective in 2018, state law requires that employers provide training to all employees at least once every two years. For non-supervisory employees, the training need only be one hour in length.

The training and education required by this procedure shall include information and practical guidance regarding the Federal and State statutory provisions concerning the prohibition against and the prevention and correction of sexual harassment and the remedies available to victims of sexual harassment in employment. The training and education shall also include practical examples aimed at instructing supervisors in the prevention of harassment, discrimination, and retaliation, and shall be presented by trainers or educators with knowledge and expertise in the prevention of harassment, discrimination, and retaliation.

Training of all employees will be conducted. This includes counselors, faculty, health personnel, law enforcement officers, security personnel, coaches, and all employees who

regularly interact with students. Training for academic staff should emphasize environmental harassment in the classroom. The District will also provide training to students who lead student organizations. The District should provide copies of the sexual harassment policies and training

to all District law enforcement unit or security services employees regarding the grievance procedures and any other procedures used for investigating reports of sexual violence.

In years in which a substantive policy or procedural change has occurred, all District employees will attend a training update and/or receive a copy of the revised policies and procedures. Participants in training programs will be required to sign a statement that they have either understood the policies and procedures, their responsibilities, and their own and the District's potential liability, or that they did not understand the policy and desire further training.

Education and Prevention for Students

In order to take proactive measures to prevent sexual harassment and violence toward students, the District will provide preventive education programs and make victim resources, including comprehensive victim services, available. The District will include such programs in their orientation programs for new students, and in training for student athletes and coaches.

These programs will include discussion of what constitutes sexual harassment and sexual violence, the District's policies and disciplinary procedures, and the consequences of violating these policies. A training program or informational services will be made available to all students at least once annually. The education programs will also include information aimed at encouraging students to report incidents of sexual violence to the appropriate District and law enforcement authorities.

Since victims or third parties may be deterred from reporting incidents if alcohol, drugs, or other violations of District or campus rules were involved, the District will inform students that the primary concern is for student safety and that use of alcohol or drugs never makes the victim at fault for sexual violence. If other rules are violated, the District will address such violations separately from an allegation of sexual violence.

The District shall not prohibit any student from enrolling in any class or course on the basis of gender.

 4. The mother or father of the offender's child.

 - ii. As used in this section, "traumatic condition" means a condition of the body, such as a wound, or external or internal injury, including, but not limited to, injury as a result of strangulation or suffocation, whether of a minor or serious nature, caused by a physical force. “**Dating violence**” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

It is the responsibility of each person involved in sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The

existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

“**Affirmative consent**” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

These written procedures and protocols are designed to ensure victims of domestic violence, dating violence, sexual assault, or stalking receive treatment and information. (For physical assaults/violence, see also AP 5500, 3510, and 3515)

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

- The accused's belief in affirmative consent arose from the intoxication or recklessness of the accused.
- The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.
