

Classified Senate Board Report

Classified Senate has continued to work hard in promoting togetherness with the faculty, student and administration. The classified joined the faculty and administration for Convocation and are attending Shared Governance Committees as they begin meeting again for the fall. The senate leadership has completed the Ethic Training and are looking forward to the Shared Governance Training we will be having next week. We have updated our website and will be utilizing the website as a vehicle to share information to the classified and Hartnell community. We are also in the process of reviewing and updating the Senate Constitution and Bylaws.
