Guidance

As Guided Pathways enters a new stage focused on the Vision Destination through empowering learners, career mobility, and unconditional belonging for our students, there is a need to refocus our energy and efforts on the embedding of Guided Pathways into system structures, rather than maintaining Guided Pathways as we would an ongoing program. The new structure of the Guided Pathways workplan, and the phased release of programmatic requirements, is an affirmation of the need for systematic reform over a longer period. This workplan will allow colleges to highlight their trajectories for the next four years of Guided Pathways integration, from 2022-26, and better display their hopes and student-centered planning as the California Community Colleges system continues forward.

For the First Phase of Completion, Colleges must Agree to have read and be familiar with the Ed Code Requirements, Guided Pathways Commitments setting course for the future, and agree to review legislative requirements for programmatic collaborations necessary for transformational change across their campuses. This assurances report should not require additional approvals. Upon completion, it will be considered 'Submitted' and available for review by the Chancellor's Office.
