Hartnell College Vision Statement: Hartnell College students will be prepared to contribute as leaders to the intellectual, social, cultural, and economic vitality of our communities and the world.

Hartnell College Mission Statement: Focusing on the education and workforce development needs of communities in the Salinas Valley, Hartnell College strengthens communities by providing opportunities for students to reach career and/or academic goals (associate degrees, certificates of achievement, transfer to four-year institutions) in an environment committed to student learning, achievement and success.]

INFORMATION/DISCUSSION/PRESENTATIONS

3. Late Start Sections and Add Authorizations Maria Ceja

Maria presented on the late start courses that began on Monday, March 21 and the 7-week courses that will begin on March 28. She asked the group to encourage students to enroll in these courses, there is a robust amount of courses available.

Maria also talked about the launch of the add authorization this semester, the faculty has learned how to use the system and has become comfortable with using it. There is still some promotional work to be done to reach out to all but overall it's been successful.

4. Panther Prep Update & Staff Recruitment Carla Johnson Ariana Rodriguez

Ariana gave an overview of the pathways team onboarding workshops to seniors at 19 feeder high schools and its culmination at Panther Prep Day. This year, Panther Prep will be held on Friday, April 29 and Saturday, April 30.

Prior to this event, students will need to do a panther pledge which opens April 1-11, once they complete all requirements they will get their ticket to attend the in-person event. A specific website will be available to make sure the students register and complete all requirements, the goal is for the student to leave fully enrolled for their fall semester in college.

Ariana mentioned the volunteer numbers were very low and asked if we could please promote and help gather volunteers for this event.

5. Commencement 2022 Augustine Nevarez

Augustine shared that commencement will be held in person, out of the 1,250 students, 517 students have responded affirmatively to participating in the ceremony. Faculty and other groups have been notified in support of staffing the event. Assistance from staff will be greatly appreciated.

6. TimelyCare Demo and Update Augustine Nevarez

Augustine shared the basic information of the services that timely care provides. Which include: counseling services, psychiatry, health coaching, etc. Psychiatry services do require a referral code from Hartnell and it is limited to 400 of our most needy students, specifically related to mental health services. Marketing is in the works encouraging students to have the app on their phones and available should they need services.

7. Basic Needs Center and Program Update Augustine Nevarez

Augustine gave an update on the basic needs meeting from the last presentation. The Basic Needs Center will be funded by a 3-year office of education grant to establish, and support. The center will focus on servicing students on what are considered our top four insecurities: food, housing, transportation, and mental health. Students will be supported through referrals for legal aid, childcare, spousal/partner abuse, etc. Currently, the team is in the process of looking for a database management system in order to manage the program. Two positions will become available to support the program: director and coordinator position, student ambassadors will help promote and encourage students to come to the center. The current plan is considering the center

to be available in spring 2023.

8. SA Monthly Report – March

Romero Jalomo

Dr. Jalomo shared the Student Affairs Monthly Reports for the month of March. Please review the reports to be informed of the recent updates in the Student Affairs Division. The report is located on the council website. Please contact Dr. Jalomo at rjalomo@hartnell.edu with any questions.

Dr. Jalmo commented on the question regarding the future of this council. The plan was to eliminate some current councils combined to a larger council Student Success Council (student and academic council merged). That plan went to a vote; it was voted against. Therefore, all councils will remain as they are.
