

Systemwide Technology Access Collaborative (STAC)

The California Community Colleges Chancellor's Office (Chancellor's Office), in an effort to expand support for the community colleges during the COVID-19 pandemic, has collaborated with the California Virtual Campus - Online Education Initiative (CVC) and the Foundation for California Colleges' CollegeBuys program (CollegeBuys) to centralize access and procurement of online education tools at a time when most of our instructional and student support services are delivered virtually. With this intent, the CCC Systemwide Technology Access Collaborative (STAC) was created, informed by CVC expertise in the community college digital environment, and CollegeBuys experience in securing special contract pricing for our system. The purpose of STAC is to leverage greater economies of scale that lead to expanded cost savings by centrally coordinating procurements of online education tools provided in the attached STAC Order Form.

To participate in STAC colleges should:

1. **Complete** the attached Order Form to select online tools they seek to purchase through STAC along with quantities needed within the designated Buying Window (Nov 1-30, 2020).
2. **Submit** the Order Form to STAC via email: collegebuys@foundationccc.org. Services purchased through STAC within the buying window will be active between January 1–June 30, 2021 to align with the remainder of the fiscal year.
3. **Receive and Approve** the quote/invoice issued by STAC then respond with a District Purchase Order to STAC.

Please note that pricing reflected on the Order Form is not-to-exceed (NTE) pricing, and may get reduced further depending on the system's economies of scale - this the value STAC aims to deliver, and updated pricing will be reflected in the quote provided by STAC. Colleges unable to participate in STAC (i.e. the Buying Window has closed) may continue to purchase online tools through pre-negotiated special pricing contracts in place at the not-to-exceed cost provided on the Order Form.
