

IV. MISSION AND VISION STATEMENTS

Hartnell's goals and priorities for the institution and the District were initially developed and identified through a College and District-wide survey conducted by Institutional Planning. All College constituencies participated as well as certain community organizations, businesses, and educational leaders. The survey data were quantified and Hartnell's Mission Statement and Goals emerged, along with an Educational and Facilities Master Plan Committee. All survey responses were reviewed by the Institutional Planning Committee, the full campus community, and the Board of Trustees. Hartnell's Mission and Vision Statements are based upon the premise that they will foster and maintain exemplary teaching and inspired learning.
