Hartnell Women’s Basketball is dedicated to the development of the student-athletes. Our goal is to specialize in the sport of Basketball, using it as a metaphor for life. We teach individual skills for the personal development of each athlete and we provide them an opportunity to display their talents on the court and off as confident and strong women. Our goal is to make each student-athlete leave better than what they were when they came. Our promise is to do all that we can to see that they realize their potential for their benefit and the benefit of the society in which they live.

This 2012-2013 team is very dynamic in the guard positions. All of our guards are very aggressive on defense, a recipe to very entertaining games. Our guards cause steals and transition from defense to offense in an up-tempo game. Two of our three starting sophomore guards, Fe Ramos and Mekayla Dacpano, are our returning players on All-Academic Honors. In the post positions, we have freshmen who have a handful games under their belts in this current preseason. We are strong and are learning a faster and more aggressive game. As we continue on our journey, We are enthusiastic in getting our skills and teamwork at its optimum. More importantly, we are becoming well versed academically and hope to be one of the top teams in the Coast Conference in February.

Head Basketball Coach Mary Ann Toney
