BRICK CAMPAIGN

SUPPORT SOFTBALL WITH A BRICK

- When coach Andrew Watt started with Hartnell College in 1991 the softball program and facilities were in need of renovation and in **2010 we celebrated the opening of Phase I of the Athletics Master Plan with completely renovated softball field.** Now we have a state-of-the-art facility as many opponents, and one of the nicest facilities in California.

- The new field house only adds to our impressive athletics complex. **Our goal is to help our girls move on academically to the next level and obtain their degree.**

- We also want our players to understand the important of community services and giving back to the community. **Our athletes volunteers are very involved with the softball clinics, our week long summer softball and tennis camps.**

- Hartnell softball has had several consecutive 20 win seasons. The lady Panthers record is currently **29 wins** and 6 losses. **We are currently ranked 2nd in Northern California and 4th in the state.** Our goal is to get into the State playoffs this year.

- **Our new state of the art field house** will help our programs by allowing **umpires a changing room before and after games,** training **room facilities for our trainer and athletes,** **classrooms,** **concessions** and restrooms will be used by all the athletic programs.
IT’S EASY TO SUPPORT SOFTBALL AT HARTNELL COLLEGE:

1. Select the number and size of the bricks you want to purchase.
2. Complete the order form below and return to Hartnell Foundation.
