NOTE: Local practice may be inserted so long as it is consistent with that provided in
the example, which is the minimum required by law.

Smoking is prohibited within 20 feet of a main exit, entrance, or operable window of any
campus building.

Smoking is prohibited inside any indoor area of any campus building, except for covered
parking lots and residential space.

“Covered parking lot” means an area designated for the parking of vehicles that is
enclosed or contains a roof or ceiling, but does not include lobbies, lounges, waiting
areas, stairwells, and restrooms that are a structural part of the parking lot or a building
to which it is attached.

“Residential space” means a private living area, but does not include common areas
such as lobbies, lounges, waiting areas, elevators, stairwells, and restrooms that are a
structural part of a multi-complex building such as a dormitory.

Smoking is prohibited in any enclosed place of employment on campus, including
lobbies, lounges, waiting areas, stairwells, and restrooms that are a structural part of
any building that is a place of employment.

NOTE: Governing bodies of each community college district have the authority to
enforce these requirements by citation and fine. If a campus adopts the enforcement
and fine authority, it must post signs stating its tobacco use policy and inform
employees and students of the policy (Government Code Section 7597.1)
