Theatre Arts at Hartnell College is one-of-a-kind program, with academic/career pathways and a renowned resident professional theatre company, The Western Stage. Our academic programs are expanding, with a new Theatre Arts AA-T degree, guaranteeing transfer to the CSU schools, and with new AA and certificate programs coming, in Theatre Arts and in Cinema. Check out some of our upcoming course offerings, THIS FALL!

**Video Production Lab: Single Camera**, introduces students to single-camera video production, culminating in the production of short, student-created films (Recommended for students interested in transferring into a four-year Film Program)

**Playwriting & Screenwriting**, introduces students to the craft of dramatic writing, culminating in the completion and the staged readings of student-created performance scripts (Recommended for students interested in transferring into a four-year Film program)

**Acting for the Camera**, gives students an opportunity to explore differences between stage acting and acting for camera and video, through recorded performance of scenes and commercials (Recommended for students interested in Film or Theatre Arts)

**Directing**, provides students with an overview of theatrical directing techniques, culminating in student directing projects (Recommended for students interested in transferring to a four-year Theatre Arts program)

**Improvisational Acting**, explores theatre games and improvisational exercises designed to develop trust, cooperation, mental acuity, and physical and vocal range (Recommended for students interested in transferring to a four-year Theatre Arts program)

**Introduction to Theatrical Design**, provides students with an overview of scenic, lighting, costume, sound, and properties design, with plenty of opportunity for creative application (Recommended for students interested in transferring to a four-year Theatre Arts program)

**Puppetry and Mask**, explores puppet and mask design and creation, including manipulation, improvisation, and production techniques for the theatre and beyond (Recommended for students interested in Film or Theatre Arts)

**Voice and Movement**, explores how voice and movement enhance the range of one's vocal and expressive skills, with emphasis on contemporary developments in theatre arts (Recommended for students interested in transferring to a four-year Theatre Arts program)
