What we looked at:

We looked at PLO 1, specifically focusing on effective writing and the use of grammar and vocabulary.

What we found:

Across the board, we found there was a high-rate of success in students’ writing skills expectation. Overall, we noticed that students had excellent command of grammar and vocabulary to level. However, we also found that we need to strengthen students’ understanding and use of accents across all levels.

What our next steps are:

Greater emphasis will be placed on appropriate use of accents in writing. We are going to have greater writing component.
