HARTNELL COLLEGE CROSS COUNTRY
2014 SEASON RECAP

The 2014 cross country was a historical one for the Panthers. The women scored a perfect 15 points to win the Coast Conference title with the men winning a fifth consecutive team title. At the regional championship, the women brought home their first title since 2010. Sophomore Diego Leon lead the men with the overall win which helped the men place second as a team. Leon would go on to become Hartnell’s second ever individual state champion. Freshman Malena Grover and sophomore Brandi Hobson lead the Lady Panthers with All-American honors and a fourth place team finish. This was the highest team placing in school history.

Proceeds from this race will help with equipment and travel costs during the 2015 cross country thank you for your participation!!!
