INFORMATION/DISCUSSION/PRESENTATIONS

1. Enrollment
   Lori Kildal
   Dr. Kildal explained the four page document on the Council’s website. On page 1, under “Total Funded FTES,” we began the academic year with a base of 6957.737 FTES. On page 2, the Chancellor’s Office restored some of our growth to a base of 7057 FTES. On page 3, our target goal was 7100 FTES, which leaves us approximately 50 FTES short. We are currently 62 FTES under, but this does not include positive attendance. On page 4, for academic year 2015-2016 base funding will be 7150 FTES. Our target goal will be 7350 FTES.

   The Fall 2015 schedule has been built with 3400 FTES, fill rate about 3200 FTES. Nothing has been built yet for Spring 2016; the Deans are currently working on the class schedules. Our goal is to build more classes for Summer and Fall 2015. There is high demand for Math and English.

2. AA-T/AS-T Degrees
   Carol Kimbrough
   Ms. Kimbrough shared that Hartnell has met the Chancellor’s original quota of degrees that we’re required to develop. We are now required to develop three (3) transfer degrees: Biology, Chemistry, and Agriculture Business.

   Ms. Kimbrough also announced that the Diesel Technology program has been approved by the ACCJC. We are planning to move forward with application for Advanced Auto Technology program.

3. AA-T/AS-T Degrees Awarded
   Carol Kimbrough
   Ms. Kimbrough stated that Hartnell has awarded 177 transfer degrees since 2012. Transfer students should be guaranteed admission into CSU or UC. They are required to admit students within their own districts first.
