Mission Statement: Focusing on the needs of the Salinas Valley, Hartnell College provides educational opportunities for students to reach academic goals in an environment committed to student learning, achievement, and success.

1. Hartnell hosts Consul General from Republic of Korea

On Tuesday, August 26 Hartnell College was proud to host Han Dong-man, Consul General of the Republic of Korea. One of our ethnic studies classes (Professor Hermelinda Rocha-Tabera) participated in the event along with some students from Professor Larry Adams' political science classes. Thanks go to Trustee Demetrio Pruneda who found out about the Consul General's visit to the City of Salinas and learned that he wanted an opportunity to meet Hartnell students and make a presentation. Mr. Han's presentation focused on the present situation of the Korean peninsula, issues in Northeast Asia and the Korea-US relationship. Han Dong-man has been serving as Consul General of the Republic of Korea since May 2013. Consul General Han received his Bachelor's at Yonsei University in Korea and his Master's in International Organization Law at the Pantheon-Sorbonne University in Paris, France. He joined the Ministry of Foreign Affairs in 1985 and has held Secretary posts in Algeria, the United Kingdom, and Australia as well as in the Office of the President in Korea. In 2002, he served as the Director of the Security Policy Division at the Ministry of Foreign Affairs and Trade and as Consul at the Korean Consulate General of in New York. He also served as the Minister-Counsellor at the Korean Embassy in Washington, D.C. Prior to his post in San Francisco, he served as the Director-General of the International Economic Affairs Bureau of the Korean Ministry of Foreign Affairs.
On Friday, **September 5, 2014**, The Agricultural Business and Technology Institute at Hartnell College is presenting a series of six agroterrorism workshops at the Alisal Campus. This is possible due to a partnership with The Western Institute for Food Safety and Security (WIFSS) at University of California, Davis, a training partner of the U.S. Department of Homeland Security (DHS), and with the Rural Domestic Preparedness Consortium (RDPC), a funded program. These courses strengthen front-line responder’s capability to prevent/mitigate, detect, respond to, and recover from attacks or disasters on agriculture or the food system. The Agroterrorism and Food System Safety Training Series for Rural Communities focuses on existing local emergency responders and others who must respond to an agroterrorism incident in an effective and coordinated manner with state and federal antiterrorism teams. Courses include:

- **Sept. 5, *Understanding the Dangers of Agroterrorism***, from 8am-noon, Alisal Campus, 1752 E. Alisal St, Room C212, Salinas, CA. *This is a 3.5-hour course designed to educate and enable the diverse elements that must be called upon to participate in creating an effective response plan.*

- **Sept. 5, *Principles of Preparedness for Agroterrorism and Food System Disasters*** from 1pm-5pm, Alisal Campus, 1752 E. Alisal St, Room C212, Salinas, CA. *This is a 6.5 hour course designed to prepare members of emergency response teams to evaluate the overall risk of an intentional attack on a segment of agriculture or a segment of the food system and to provide information about methods to limit vulnerabilities in identified targets.*

**Please sign-up no later than September 1, 2014** as a minimum of 20 registrations must be received by this date to confirm the class will be held. Should you have any questions regarding the local jurisdiction or directions to the facility please contact **Cristina Westfall, 831-755-6810, cwestfall@hartnell.edu**, fax 831-759-6038.
3. Hartnell’s Nursing and Allied Health program prepares student for success

On August 22, Hartnell College Nursing and Allied Health “graduated” its Health Career Connections intern, Cinthya Cortes Tinoco. The Health Career Connection (HCC) is a project of the East Salinas Building Healthy Community Foundation. Organizations such as Hartnell College Foundation host HCC interns for 10 consecutive weeks June through August. The paid, full-time summer educational internships assist undergraduate students to pursue careers in healthcare management and policy, health education, community health, nursing administration, and other public health options. Cinthya spent the summer working with Debra Kaczmar, Dean of Academic Affairs for Nursing and Allied Health. Cinthya completed many important projects, participated as a student-instructor in the Summer Health Institute, earned an American Heart Association Healthcare Provider CPR certification, and attended the Nursing and Allied Health Academy of College Excellence foundation course.

Cinthya shares her experience with us:
"I had some difficult challenges throughout high school, but I was able to manage them and graduate from Everett Alvarez High School in 2012. I am currently a student at California State University Monterey Bay (CSUMB) and planning to get my bachelor’s degree in collaborative health in human services (CHHS) with a concentration in public health or social work. This summer 2014 I got the opportunity to be selected as a summer intern in the Health Career Connection Program. I was fortunate enough to be placed in the Hartnell College Nursing and Allied Health where I have been improving as a student and as a professional employee.”
4. Hartnell Legends inducted into Salinas Valley Sports Hall of Fame

Last year Hartnell launched its Athletics Hall of Fame and inducted its first class. Included in that first class were the 1952 Football Team and legendary runner, Maria Trujillo. The 1952 team and Trujillo were honored again as they were inducted into the second class for the Salinas Valley Sports Hall of Fame.

The ’52 Hartnell team was the only Northern California squad ever invited to play in the Junior Rose Bowl, played in Pasadena from 1946 to 1966 and again in 1976 and 1977. The game pitted the California Junior College champion against the National Junior College Athletic Association champion. This was Hartnell’s first 10-0 team. It outscored opponents 280-72, and staged a dramatic length-of-the-field drive to score the tying touchdown in the Junior Rose Bowl game against Bacone College of Oklahoma after time had expired.

Maria Trujillo went out for track at Hartnell College in 1978 with the goal of losing five pounds. In the process, Maria Trujillo broke the Hartnell record in the 3,000 and 5,000 meter runs, earned a full-ride scholarship to Arizona State where she broke the school’s 10,000-meter record and in 1984 represented Mexico in the Los Angeles Summer Olympics, finishing 25th in 2:38.30.

She won the gold medal in the women’s marathon at the 1995 Pan American Games. Running professionally for Nike, Trujillo competed in 59 marathons in 14 countries and was named by Runner’s World Magazine as the No. 1 female distance runner in the U.S. in 1990. She qualified for five consecutive U.S. Olympic Trials (1988, 1992, 1996, 2000, 2004) and two world championship marathons. After winning the Long Beach Marathon in 1991, Trujillo was declared the U.S. National Champion with a record time of 2:32.55. She also won the San Francisco Marathon in 1986 and Houston Marathon in 1990.

Representing Hartnell at the event were me and wife Michele, Trustee Bill Freeman and his sister Carol, and Athletics Director Dan Teresa and his mother Pat. Dan’s father, Tony Teresa, was a member of the ’52 football team.
5. Upcoming Events

---

Mark Your Calendar!
Women's Economic & Leadership Forum
Tuesday, September 2, 2014 5:30 - 8:30 PM
(Please note updated time to accommodate dinner)
