Since last spring there's been a task force to redesign the participatory governance

The goal is a more student centered governance system

- ° There are student seats on each of the councils – so if students want to join, they can.
- ° They can also, join and quit councils when they need to.
- ° It will be led by administrative and council tri-leads

- ° Having a student lead a council is also something cool
 - ° There will also be integrated Zoom meetings to improve Equity!!!!!! More virtual engagement will allow us to have more participation throughout our whole college campus system
