## **HARTNELL COMMUNITY COLLEGE BACKGROUND INFORMATION**

Hartnell College is one of the oldest institutions of higher education in California. Founded in 1920 by the Salinas Union High School District as Salinas Junior College, the college was initially housed in the new Salinas High School building on South Main Street. In 1948, the junior college was renamed Hartnell College, after the 19th-century British trader William Petty Hartnell, who settled on land in the area. The Hartnell Community College District was established the following year.

In 1936, Hartnell College moved to its current 54-acre site, on the former ancestral land of the Ohlone Rumsen Mutsun people. Referred to as Main Campus, the site is located at 156 Homestead Avenue, Salinas. On October 1, 2007, Hartnell College changed its address from 156 Homestead Avenue to 411 Central Avenue. The new address helps students attending the College because it is easier to locate the newly constructed parking structure accessible from Central Avenue.

The Main Campus is located in Monterey County, just a 25-minute drive from the scenic Monterey Peninsula and the Monterey Regional Airport. In 2014, the District opened its Alisal Campus in east Salinas. The Alisal Campus houses the Agricultural Business and Technology Institute, the Sustainable Design and Construction Center, and the diesel, automotive technology, and computer science programs. Hartnell also delivers classes at its education center in King City, opened in 2002, and at numerous off-campus locations in north and south Monterey County. In 2016, District voters approved a \$167 million local bond measure known as Measure T. In fall 2021, the District opened the Soledad Education Center and an expanded wing nearly doubling the size of the King City Education Center. The Castroville Education Center and the Nursing & Allied Health Center opened in spring 2022.

The District serves the Salinas Valley, a fertile agricultural region some 10 miles wide and 100 miles long, as well as part of southern San Benito County. Hartnell has a highly diverse student body with an average annual enrollment above 16,000 (12,565) students for the most recent three academic years (2018-21) (2020-21) from the local communities of Salinas, Bradley, Castroville, Chualar, Gonzales, Greenfield, Jolon, King City, Lockwood, Moss Landing, San Ardo, San Lucas, Soledad, and other communities around. California's Central Coast, as well as other states and countries. All are drawn to Hartnell's academic excellence and focus on the success of students in its four-year transfer, nursing and technical programs, as well as a proud tradition in intercollegiate athletics, with 12 men's and women's teams, some of which have earned state championships.

### **Demographics**

Most of our students (57%) (52%) are among the first in their families to attend college (first-generation students). About 48% (54%) of students are women and 51% (45%) are men, with an ethnic makeup that includes 64% (71%) Hispanic, earning Hartnell a federal designation as a Hispanic-Serving Institution. In addition, 19% (9%) are white/non-Hispanic, 5% (2%) are Asian and 3% (3%) are African American. The remainder did not report ethnicity. In 2021, Hartnell College was the only district recognized with honorable mention for the John W. Rice Diversity and Inclusion award by the California Community College Chancellor.

### **HSI Programs**

The District recently was awarded two major Title V grants to improve student access and success for underrepresented groups in the STEM disciplines, and it has been lauded by NASA, the NAACP, and the University of California, Santa Cruz as being among the nation's top community colleges in promoting and achieving success for its underrepresented students in the STEM disciplines. Hartnell has done this, in part, through outstanding facilities and intensive mentoring and internship programs with academic and research partners such as the UC- Santa Cruz Baskin School of Engineering, the Naval Postgraduate School, U.S. Department of Agriculture, the Monterey Bay Aquarium Research Institute and the University of California, Davis. Hartnell's Alisal Campus is home to a NASA Science, Engineering, Mathematics, and Aerospace Academy (SEMAA) laboratory for K-12 students and their families, the only one on the West Coast.

### **Educational Programs**

Hartnell offers the first and second years of a college program and workplace and career training, including a three-year bachelor's degree program in computer science and a 2+2 teacher-preparation pathway, both in partnership with California State University, Monterey Bay, just 15 minutes from Salinas. Hartnell College awards the associate of arts degree, associate of science degree, and certificates of achievement, including the strong and successful nursing and allied health program, whose graduates become LVNs, RNs, EMTs, and respiratory care practitioners. For several years running, Hartnell's nursing graduates have achieved NCLEX pass rates of at or near 100 percent.

Hartnell's state-of-the-art Library and Learning Resource Center provides access to electronic databases and is the hub of information and learning technologies. The college has committed to ongoing technology enhancements, including virtualization and server enhancement projects that will increase productivity and access for its students and employees, giving them technological advantages that most college and university students and personnel do not yet have.

Hartnell's vibrant visual and performing arts programs includes a theatre arts company called The Western Stage, which is consistently among the most respected arts institutions on the Central Coast. Its programming is both traditional and experimental, including world premieres of works by contemporary Latino playwrights. Hartnell theatre arts faculty partners with the Alisal Center for the Fine Arts to engage and encourage area youth in their artistic pursuits. The College hosts a student-community orchestra and chorus and the Hartnell Gallery regularly presents exhibitions of painting, sculpture, and photography.

### **Course Offerings**

Day, evening and weekend courses are offered in classroom, online, and hybrid delivery modes. Hartnell is sensitive to its diverse community and offers classes in modified formats to meet the needs of students who work or have other outside commitments, such as late-start courses and condensed sessions. The College offers a full complement of academic and other support services to assist students' educational progress in a one-stop student services format, available online, by phone, and in-person. These include personal counseling, financial aid and scholarship services, international student services, re-entry services, veterans' services, sports counseling, disabled students' programs and services, assessment testing, and career and transfer assistance. In addition, students are encouraged to become involved in the many clubs on campus and student government through the Associated Students of Hartnell College.
