HARTNELL COLLEGE REQUIREMENTS FOR ASSOCIATE OF ARTS & ASSOCIATE OF SCIENCE DEGREES

CHosen MAJOR PROGRAM*:

A. Students are eligible for graduation upon the satisfactory completion of a minimum of sixty (60) semester degree-applicable units (courses numbered 1-199) of course work.

B. Students must complete the General Education requirements as outlined on the 2021-2022 General Education Requirements list of courses. A minimum of 21 semester units must be completed within the five general education areas:
   1. Language and Rationality (9 units)
      A. Written Expression (3 units)
         B1. & B2. Communication & Analytical Thinking (6 units)
   2. Natural Sciences (3 units)
   3. Social and Behavioral Sciences (3 units)
   4. Humanities (3 units)
   5. Ethnic Groups in the United States (3 units)

C. Of the 60 units required for graduation, the student must have completed a minimum of 12 units in residence at Hartnell College.

D. Complete all general education and major program course work required for the degree. A major program will consist of at least 18 semester units within a discipline or a declared interdisciplinary major program as identified by the college catalog.

E. A ‘C’ grade or better is required in each degree-applicable course.

F. It is the student’s responsibility to file a Petition for Graduation by the deadline date. The initial deadline date is the semester before he/she plans to complete the requirements. (Graduation deadline dates are posted throughout the campus.)

G. Associate Degrees are conferred at the end of each term; however, graduation ceremonies occur at the end of each academic year (Spring).

DEFINITION OF ASSOCIATE DEGREES:
Hartnell College students who complete the appropriate requirements may earn either an Associate of Arts or an Associate of Science degree.

Associate of Arts (AA) degree is granted to students majoring in the arts, humanities, and similar areas.

Associate of Science (AS) degree is granted to students majoring in agriculture, engineering, technology, the sciences, and related programs.

Associate Degrees for Transfer (AA-T or AS-T) California Community Colleges are now offering Associate Degrees for Transfer (ADT) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. For further information, see degree requirements in the catalog. Students completing an AA-T/AS-T degree do not need to complete an Ethnic Groups course.

CATALOG RIGHTS: Provided that continuous enrollment is maintained, students may elect the declared degree or certificate requirements in effect at 1) the time of entrance to Hartnell College, or 2) any catalog year thereafter. Continuous enrollment is defined as attendance at Hartnell College during both Fall and Spring semesters. Any transcripted academic record symbol (A through F, CR, NC, P, NP, I, RD, W) shall constitute enrollment.

DOUBLE DEGREE: Students may concurrently complete the requirements for a second degree. An AA or AS Degree is earned by completion of all Competency Requirements, General Education, and course work required for both majors. A single diploma is issued with both degrees listed. The General Studies with Emphasis degrees may not be included as part of the Double Degree.

ADDITIONAL ASSOCIATE DEGREE: Having received an Associate Degree at Hartnell College, a student may qualify for an additional Associate Degree (with the exception of an AA Degree in General Studies with an emphasis) by completing all requirements for the additional degree.

Students are encouraged to make an appointment with a counselor to discuss their educational plan as they relate to this advisory sheet. For an appointment, call or visit www.hartnell.edu/students/programs/counseling

Introductory course for programs in various industrial trades. Emphasis on general construction safety, construction math, common hand tools, common power tools, rigging, material handling, construction drawings, communication skills and employability skills. Work appropriate clothing is required for this course including (but not limited to) long pants that cover the wearer to the ankle and closed-toe shoes.

MFGT-301A, Industrial Maintenance Electrical & Instrumentation Mechanic Level 1A
Prerequisite: MFGT 300 with a grade of "C" or better
Lab: 80-90
Pass/No Pass
The first of two courses for Level 1 training as an Industrial Maintenance Electronics & Instrumentation Technician. Students should also plan to enroll in MFGT 301B. Students will learn the basics of Hand and Power Tools, Fasteners and Anchors, Oxyfuel Cutting, Gaskets and Packing, Rigging, and the safe use of support equipment (Forklift, Manlift, Generators, etc.) Work appropriate clothing is required for this course including (but not limited to) long pants that cover the wearer to the ankle and closed-toe shoes.

MFGT-301B, Industrial Maintenance Electrical & Instrumentation Mechanic Level 1B
Prerequisite: MFGT 300 with a grade of "C" or better
Lab: 80-90
Pass/No Pass
The second of two courses for Level 1 training as an Industrial Maintenance Electronics & Instrumentation Technician. Students should also plan to enroll in MFGT 301A. Students will learn the basics of pumps, valves, test instruments, construction math, construction drawings, machine lubrication. Work appropriate clothing is required for this course including (but not limited to) long pants that cover the wearer to the ankle and closed-toe shoes.

MFGT-302A Industrial Maintenance Electrical & Instrumentation Mechanic Level 2A
Prerequisite: MFGT-301B and MFGT 301A with a grade of "C" or better
Lab: 80-90
Pass/No Pass
The first of two courses for Level 2 training as an Industrial Maintenance Electronics & Instrumentation Technician. Students should also plan to enroll in MFGT 302B. Students will receive in-depth training in Industrial Safety, the National Electrical Code, Electrical Theory, Alternating Current, and Flow, Pressure, Level, and Temperature systems. Work appropriate clothing is required for this course including (but not limited to) long pants that cover the wearer to the ankle and closed-toe shoes.

MFGT-302B Industrial Maintenance Electrical & Instrumentation Mechanic Level 2B
Lab: 80-90
Pass/No Pass
Prerequisite: MFGT 301A and MFGT 301B with a grade of "C" or better
The second of two courses for Level 2 training as an Industrial Maintenance Electronics & Instrumentation Technician. Students should also plan to enroll in MFGT 302A. Students will receive in-depth training in using testing equipment, bending, cleaning, and purging of tubes and pipes, and installing conductors and cables. Work appropriate clothing is required for this course including (but not limited to) long pants that cover the wearer to the ankle and closed-toe shoes.
COMPUTER SCIENCE AND INFORMATION SYSTEMS
NETWORK AND SECURITY OPTION

PROGRAMS

- Associate of Science (A.S.)
- Certificate of Achievement

DESCRIPTION

The Associate of Science in Computer Science and Information Systems - Network and Security Option prepares students for employment in the network and security field. It is designed for students interested in becoming network and security specialists in a business that uses networks or information systems. Upon completing the program students will be prepared to take industry-recognized certifications that include: A+ certificate, CCENT, CCNA, Network+, Security+, and Linux+.

CERTIFICATE OF ACHIEVEMENT

This certificate is designed for those interested in becoming network and security specialists in a networked business or information systems environment.

The Computer Science and Information Systems program prepares students taking the Network and Security Option Certificate of Achievement for employment in the network and security field. It is designed for students interested in becoming network and security specialists in a business that uses networks or information systems. Upon completing the program students will be prepared to take industry-recognized certifications that include: A+ certificate, CCENT, CCNA, Network+, Security+, and Linux+.

LEADS TO CAREER OPPORTUNITIES SUCH AS:

- Computer and Information Systems Managers
- Computer Network Architects
- Computer Network Support Specialists
- Database Administrators
- Information Security Analysts
- Network and Computer Systems
- System Administrator
- Telecommunications Engineering Specialists

TRANSFER PREPARATION

Courses that fulfill major requirements for an associate degree may differ from those needed to prepare for transfer. Students who plan to transfer to a four-year college or university should schedule an appointment with a Hartnell College counselor to develop a student education plan before beginning their program.

KINESIOLOGY

PROGRAMS

- Associate in Arts for Transfer (A.A.-T)
- Associate of Science (A.S.)

DESCRIPTION

The Physical Education, Kinesiology, Health, and Athletics department provides formal educational opportunities for the development and acquisition of motor skills, improved physical fitness and their application to sports and physical activities. This Associate of Science Degree covers a broad knowledge base that represents several disciplines that include traditional physical education, exercise science, athletic training, coaching, and health science. These courses help prepare students to transfer as Physical Education and Kinesiology majors to four-year institutions.

The Physical Education and Kinesiology program offers an AA-T degree (Associate in Arts for transfer in Kinesiology). The AA-T provides a clearly articulated curriculum for students who wish to transfer to baccalaureate degree programs at California State University (CSU) campuses.

The department also offers the AS degree (Associate of Science in Kinesiology). This degree is ideal for student-athletes and students transferring out of state or to private institutions.

Baccalaureate programs in Physical Education and Kinesiology include a wide array of specialties including but not limited to: coaching, education, athletic training, industry wellness centers and allied medical fields (Physical Therapy, Occupational Therapy, etc.). The preparation for different specialties will vary. For detailed requirements for individual programs at four-year institutions, students should contact the transfer institution and/or meet with a counselor for specific transfer course requirements in their major.

LEADS TO CAREER OPPORTUNITIES SUCH AS:

- Exercise Physiologist
- Exercise Specialist
- Health Consultant
- Massage Therapist
- Nutritionist/Registered Dietitian

ASSOCIATE IN ARTS FOR TRANSFER

Program Outcomes: Upon successful completion of this program a student will be able to:
- recognize the relationship among race, racism, imperialism, white supremacy, colonialism, and the U.S. legal system.
- evaluate the relationship between the U.S. Constitution and the institution of slavery.
- examine the role the legal system has played in the construction of race.
- illustrate how economics, philosophy, logic, education, ethnology, anthropology, politics, sociology, history, and culture molds U.S. law and legal reasoning.
- apply analytic and conceptual tools to critically assess numerous practice areas of law, including, but not limited to the following: civil rights, criminal defense, immigration, education, and human rights. Furthermore, students will be able to demonstrate how these particular areas have historically informed and shaped their local communities.
- demonstrate a systematic understanding of the racial and legal history of people of color in the United States, including, but not limited to analyzing the following issues: naturalization and citizenship, cultural stereotypes and hate speech, history of slavery in America, the workplace and farm labor, land grants, treaty and policy making, and the hyper-masculinity and criminalization of Black and Brown males.
