For the student, the agreement includes a general identification of an educational goal at the point of enrollment and declaration of a specific educational objective after reaching 15 college units. Students agree to be responsible for consistent class attendance, to complete assigned coursework, and to maintain constructive progress toward their educational goals. Frequently Asked Questions

Do I need to take an assessment test?

No. Hartnell College no longer uses assessment testing for placement in English and Math, or English for Multilingual Speakers (ENGM) courses. Hartnell College has adjusted its placement rules for incoming students to make them immediately eligible to enroll in transfer-level math and English courses, in line with the requirements of Assembly Bill 1705 (AB 1705), which took effect on Sept. 30, 2022. In addition to high school coursework and grade point average, the college will use multiple measures to suggest placement into transfer-level English and Math coursework.

How do I determine which English, English for Multilingual Speakers (ENGM), and/or Math class I need to take?

New Students

Students who are new to Hartnell, have three options to obtain their Math, & English or ENGM Placement:

Who should enroll in English for Multilingual Speakers Courses?

English for Multilingual Speaker (ENGM courses) at Hartnell are designed for students who have immigrated to the US and want more support with reading and writing in college. These courses can be taken for credit or non-credit. Students can also choose courses that help them with vocabulary, pronunciation, and listening/speaking. These courses range from intermediate to advanced levels and are taught by trained ENGM college instructors. Often students take an ENGM course at the same time that they are taking other college courses. An ENGM course can support students and help them be successful in their other college courses. The ENGM department also has a laboratory where students can come to practice a wide variety of skills and get one-on-one help from tutors.

Orientation

All new students are required to complete the Hartnell College online orientation. The orientation is an important tool to ensure students have critical information on college policies and procedures, financial aid, counseling, academic programs, student support services, tutorial services, associated students, athletics, and much more. The orientation is in English, Spanish, and ADA format for visually and hearing impaired students. The orientation takes approximately 45 minutes for students to complete in its entirety. However, please note: students can complete the orientation based on a schedule that is convenient since the orientation bookmarks student progress and can be watched on a mobile device.

Students who require an orientation in person can contact the Counseling Office at (831) 755-6820 to schedule an in person orientation. This is an option for students who truly need to have this information delivered in person.

If you need to develop a comprehensive set of skills geared towards college success, please consider registering in a COU-1 Student Success Seminar course. These courses prepare students for college success by teaching them critical study skills, time management, developing an educational goal and student educational plan, steps for preparing for transfer, career planning, and much more.

Academic Planning

All first-time Hartnell College students must meet with a Hartnell College counselor, unless determined to be exempt (see Exemptions from Counseling Services). The primary goal of this meeting is to assist students with appropriate course selection. Although many students will see a counselor during their orientation, further questions and more in-depth advising can take place during an individual advising session. Counseling services are available in person and online at all Hartnell College campuses or online.

Counselors are knowledgeable about educational pathways and can provide academic counseling, career counseling, and personal guidance so that you have all the information you need to pursue and achieve your academic, career, and personal goals. The aspirations and interests of the student are primary considerations before a career pathway is pursued. Counselors' thoughtful suggestions make educational planning easier. All students are required to meet with a counselor to discuss their academic goals and develop a comprehensive educational plan unless they meet the following:

- Have an Associate or higher degree from a regionally accredited college/university and are clear on courses necessary to complete their designated educational goal;
- Are taking courses for personal interest (not pursuing a degree or certificate)
- Enrolled at Hartnell College solely to take a course that is legally mandated for employment or necessary in response to a significant change in industry or licensure standards.
- Are a K-12 grade concurrently enrolled student

Follow-Up

Once a community member becomes a Hartnell College student and is enrolled in classes, Hartnell College's partnership continues.

Because academic success is a partnership, students must commit to seeing a counselor every semester to update or change their academic plan. An academic counselor is the expert in assisting students in developing and reviewing their educational plan. Students still undecided on an academic goal or major are referred to appropriate career and life planning courses.

Hartnell College is continually researching and evaluating its Student Success and Equity Plan to assure that students are receiving the best services to assist them in achieving their educational goals.

Transfer Planning

This section is designed to help students to plan an educational program at Hartnell College that will prepare them to transfer to the University of California, California State University, or a private college or university to earn a bachelor's degree. Students are encouraged to meet regularly with a Hartnell counselor, and use the resources of the Career and Transfer Hub to plan an academic program that will assure a smooth transition to the transfer institution of their choice. In addition to completing transfer requirements, students may also earn units toward an Associate in Arts or Associate in Science degree at Hartnell. With careful planning, both objectives can be reached by taking essentially the same set of transferable courses.

Career and Transfer Hub

The Career and Transfer Hub (CAT Hub) provides information and offers workshops on choosing a college, transfer admission requirements, completing admission applications, writing the application essay, and financial aid. Career and Transfer Hub staff can provide details about special Transfer Admission Agreements that Hartnell has developed with a number of four-year institutions that can guarantee students transfer admission.

Students with a clear transfer objective are more likely to meet transfer requirements in a timely manner. They can make the best use of their time and course work by deciding on a transfer institution and major as soon as possible. Students unable to make these decisions when they enter Hartnell College may follow a general transfer pattern of courses while availing themselves of Career and Transfer Hub resources in making transfer plans.

Once they have chosen a major and the institution to which they plan to transfer, students should consult a Hartnell College counselor to discuss Major Preparation. The Career and Transfer Hub staff and Hartnell counselors can assist students in planning for transfer.

University representatives often visit the campus to meet with students interested in transferring to their institutions. It is wise for the student to consult the catalog of the institution to which they plan to transfer to become familiar with specific transfer and admission requirements. Many college and university catalogs are available for reference in the CAT Hub, and students may write directly to the Admissions Office or visit the institution's website to obtain an Information Bulletin that outlines requirements for admission as a transfer student.

The Career and Transfer (CT) Hub also offers comprehensive career advising, information, and individualized assessment. Available services include individual and group career planning and assistance with career exploration, college and training information, labor market information, and vocational assessment. Students may choose to pursue career planning by taking a career development class, attending a workshop, or completing a self-guided career planning packet at the Career and Transfer Center.

Assessments that measure an individual's interest, aptitudes, personality traits, and work values are available on a drop-in basis.

Staff are available to assist students with a variety of career related services and activities. Students have online access to labor market and educational information resources.

For more information, call the CAT Hub at (831) 759-6066.

Transfer of Credit

Students expecting to transfer to a four-year college or university can usually complete their freshman and sophomore years at Hartnell. Students must normally complete 60 transferable semester units to be classified as juniors upon entering a four-year college or university.

Students enrolled in a transfer program can complete their general education and most of their lower division requirements before transferring. High school subject deficiencies may be made up at Hartnell in order to meet university admission requirements. In some instances, students may qualify for transfer to the college of their choice by maintaining an acceptable grade point average in a minimum of 60.0 units of appropriate transfer courses.

Requirements for Transfer Students

A student can transfer from Hartnell College to a four-year college or university as a junior without loss of time or credits by completing the following:

1. Lower Division Preparation for the Major. These courses, which should be completed before transferring, provide the necessary background and preparation in order for the student to transfer into their major as a junior. Check with a Hartnell Counselor regarding Major Preparation Recommendations for your particular program and institution selection.
2. General Education Requirements (Sometimes called "Breadth Requirements"). These are the courses required to obtain a bachelor's degree regardless of major. Courses in writing, critical thinking, sciences, humanities and social sciences are included in general education. High-unit majors such as engineering and the sciences will generally follow a different set of requirements, and students should meet with a counselor for clarification and to ensure accuracy electives. When courses for the major and general education requirements have been completed, enough elective courses must be taken in order to bring the total of all coursework to a minimum of 60.0 transferable units.

The CAT Hub and Counseling Department sponsors Transfer Day/College Night each Fall semester. Call (831) 759-6066 or visit <https://www.hartnell.edu/students/programs/transfer/index.html> to learn more.

Student Financial Aid

The purpose of Financial Aid is to assist eligible students in meeting educational costs while attending school. The primary responsibility for meeting college costs rests with the student and his/her family. However, we recognize that many students are not able to pay the full costs of a college education. For this reason, Hartnell College offers programs that provide assistance for students with documented financial need. Financial need is the difference between the costs of attendance and the resources available to the student. It is important for students to have sufficient funds available to begin their first two weeks of college even if they have already been offered a financial aid award.

Students are encouraged to call (831) 755-6806 or access our virtual services on the Financial Aid Office website at: <https://www.hartnell.edu/students/fa/index.html>

How to Apply for Financial Aid

1. Apply for admission to the College.
2. Complete a free application for Federal Student Aid (FAFSA) electronically at: <http://www.studentaid.gov/h.apply-for-aid/fafsa> or the CA Dream Act at: <https://dream.csac.ca.gov>
The 2024-2025 FAFSA has undergone changes. The FAFSA Simplification Act was enacted into law as part of the Consolidated Appropriations Act in 2021 with the goal of streamlining the process through which students apply for financial aid. For more information, please visit the following link: <https://www.csac.ca.gov/post/better-fafsa>

A grant is money a student does not have to repay. Students with bachelor's degrees are not eligible for grants. For federal grants, students must possess a high school diploma or GED or HiSET.

Federal Pell Grant

This grant provides federal money for students with financial need. The federal government uses the family information from your FAFSA to determine who is eligible and how much each student is eligible to receive. Awards range from \$740 to \$7395.

Federal Supplemental Education Opportunity Grant (FSEOG)

This program is designed to assist students with exceptional need by supplementing other financial aid sources. You must be enrolled in at least 6 units and have an Expected Family Contribution of 0 to qualify. Award amounts will range from \$100 to \$200 per year for qualified students.

California Promise Grant

The CA Promise Grant is a financial assistance program to offset enrollment fees; the Financial Aid Office determines student eligibility based on state guidelines and authorizes the Cashier's Office to use CA Promise Grant funds to waive the fee charges. The CA Promise Grant is available to California residents only. Under the provisions of AB 131, students who are exempt from paying nonresident tuition under Education Code Section 68130.5 (AB 540) are now eligible to participate in the CA Promise Grant.

Progress – Complete more than 50% of your coursework

- If the cumulative number of courses you successfully complete falls below 50% in two (2) consecutive primary terms (fall and spring semesters are primary terms at Hartnell College) you may lose your fee waiver eligibility.

Combination of Academic and Progress Standards

- Any combination of two consecutive terms of cumulative GPA below 2.0 and/or cumulative course completion less than 50% may result in loss of fee waiver eligibility.

You will be notified within 30 days of the end of each term if you are being placed on either Academic (GPA) and/or Progress (Course Completion) probation. Your notification will include the information that a second term of probation will result in loss of fee waiver eligibility. After the second consecutive term of probation, you will lose eligibility for the fee waiver at your next registration opportunity.

Satisfactory Academic Progress (SAP)

Qualitative Standard

All students must have a Cumulative Grade Point Average (GPA) of 2.0 or better.

Quantitative Standard

Students must complete a certain percentage of units attempted in order to make progress toward their goal. Students must have completed at least 67% of their cumulative units attempted.

NOTE: Attempted units are defined as any units you remain enrolled in after the add/drop period each semester and appear on your transcript.

Units "earned" or "completed" with satisfactory progress are those courses in which a grade of "A," "B," "C," "D," or "P" is received.

The number of units you complete with a grade of "I," "W," "MW," "F," "NC," "NP," or "RD" and units for audited classes or credit by exam classes will not count toward your minimum satisfactory academic requirement of 67% of units completed.

Maximum Units/Time Frame Allowed

Students must also complete their educational objective (graduation, transfer, and certificate in a timely manner) by the time they have attempted 90 units. This includes **ALL** units attempted at Hartnell College and all units transferred from other colleges previously attended that are applicable toward your program of study. A student can only receive financial assistance for a maximum of 150% of the published length of the program. All units attempted regardless if required for the major or taken for personal enrichment will count toward the 150% allowable total.

NOTE: Courses in which a student receives a “W” are also included in the 150% allowable total. Completion of 60 units is standard for many programs at Hartnell College. Thus, 90 units is the maximum for which a student can receive financial assistance (60 units X 150% = 90 units). The 90-unit maximum includes one change of academic program.

The maximum units time frame includes units attempted at Hartnell College during all periods of enrollment in which the student did or did not receive financial aid. The maximum units time frame also includes evaluated units from prior colleges that meet program requirements of the student's current academic objective as determined from official transcripts. This is required if the student has requested inclusion of prior academic credit for any purpose within the college.

If the student's total units equal or exceed the maximum units time frame of 150% (equivalent to 90 attempted units for an AA/AS or transfer), his/her eligibility for financial aid will be terminated. If there are extenuating circumstances, the student may appeal for an exception to this policy by submitting an Excessive Units Worksheet along with a Financial Aid Appeal petition

SAP Appeal

Students who have been placed on disqualification status and who have extenuating circumstances may request an Appeal of their Financial Aid status. Such extenuating circumstances shall be those acute medical, family, or other personal problems which rendered normal academic functioning unlikely or impossible. Such circumstances must be verified in writing.

A Financial Aid Appeal Committee will review and make a decision on each student's appeal request.
