### I. Call to Order

Recognition and Felicitades, Dra. Hortencia Jimenez on her new book with co-author Dra. Maria J. Villaseñor

[Latinx Experiences: Interdisciplinary Perspectives](#) introduces students to the variety and complexity of Latinxs' experiences in the U.S., and prepares them for further study in this interdisciplinary field. The opening essay, written by the editors, offers a broad overview of the approximately 59 million people in the U.S. who identify as Hispanic. The rest of the book will consist of contributed essays from Latinx/Latina(o)/Chicana(o) scholars on a range of subjects including immigration, citizenship, and deportation; racial identities; political participation and power; educational and economic achievement; family; religion; media and popular culture. Although the essays are written for lower-division undergraduates, they reflect many of the leading theoretical and methodological approaches in the field. The essays are unified by an intersectional approach, demonstrating how experiences and life chances of Latinxs are also shaped by gender, social class, sexuality, age, and citizenship status.
