ITR Mission & Vision

Mission
Establish and maintain an equitable, barrier-free digital teaching and learning environment that enables students to advance their educational goals, develop new skills, and prepare to live and work in the global community.

Vision
Provide innovative technology solutions that facilitate learning, empower students to succeed, and improve our communities.
Guiding Principles

1. **Optimization**: Prioritize the use of technologies that advance student success, teaching, learning, and support.

2. **Student Success Technologies**: Through an institutional approach, strategically leverage technology to improve student outcomes.

3. **Analytics and Business Intelligence**: Develop an easily accessible data infrastructure and business intelligence model to support institutional priorities.

4. **Security Strategy**: Conduct risk-based security evaluations to ensure ongoing security threat detection, responses, and prevention. Implement and maintain infrastructures that ensure the security of data and IT assets.

5. **Sustainable Professional Development and Technology Training**: Establish and implement a sustainable training program for faculty, administrative staff, and students.
• Roadmap for technology
• Modernization
• Enhancements
The technology plan is divided into 10 core sections:

- ITR organizational structure
- Network, infrastructure, and security
- Site technology
- Website
- Academic affairs technology
- Student affairs technology
- Administrative services technology
- Human resources technology
- Institutional research technology
- Disaster recovery and business continuity

Each section describes the current state, desired state, plan, lead(s), and indicators of success for each area.
Thank you!
