Public Grants Report November 2020 UPDATES

Student Completion **Completion Efficiency** $2,375,000 Applying 5 year term	**The Department of Education- High School Equivalency Program-** helps migrant farm-workers and their families attain their high school equivalency and transition to higher education, vocational/technical training, military, or improved employment. HEP at Hartnell has continually met and exceeded the target of graduating at least 70% of students every year. The latest proposal will include non-credit HSE courses designed to assist with the growing budgetary needs of the grant.
Student Completion **Completion Efficiency** **Student Transfer** $230,000 Applying 5 year term	**The Department of Education Trio Talent Search-** program identifies and assists individuals from disadvantaged backgrounds who have the potential to succeed in higher education. Hartnell College proposed to serve 500 students from the Salinas High School District. The program provides academic, career, and financial counseling to its participants and encourages them to graduate from high school and continue on to and complete their postsecondary education. The program publicizes the availability of financial aid and assist participant with the postsecondary application process.
Student Completion **Completion Efficiency** **Student Transfer** **Employment** $1,505,483 Applied 2 year term	**The Department of Education- Institutional Resilience and Expanded Postsecondary Opportunity-** grant program is designed to support and expand dual enrollment efforts, especially with regards to online academic and student support services. In addition, the proposal includes faculty and staff professional development for online instruction, help desk support, and a technology lending program.
Student Completion **Student Transfer/Employment** $3,000,000 AWARDED 5 year term	**US Department of Education Hispanic Serving Institutions Title V Individual Grant**- Hartnell's proposal focused on increasing the range and capacity of transfer, career, and job placement services to Hartnell students. The project will expand the current Career and Transfer Center to reach more students across more majors throughout different locations (e.g. at Alisal, King City, future Soledad and North Monterey County centers) through increases in personnel and innovative technology.
Student Completion **Completion Efficiency** **Student Transfer** $2,618,880 (2 proposals at $1,309,440 each) AWARDED 5 year term	**Student Support Services/TRIO**- Hartnell submitted three distinct proposals, one for the traditional program, one for ESL and one for STEM, to provide an array of services to more than 400 students who have demonstrated an academic need. Staff will work in conjunction with faculty to deliver the project services to students throughout the academic year and summer. Project services include academic advising, tutoring, FAFSA workshops, financial literacy training, graduation and transfer advising, academic progress monitoring, academic support, non-cognitive development and transitional activities.

Public Grants Report November 2020 UPDATES

Student Completion **Completion Efficiency** **Student Transfer** $262,551 AWARDED 6 month term	**The National Endowment for the Humanities** has awarded a grant to Hartnell to support the humanities during COVID19. The awarded project provides humanities faculty with technical skills training and techniques for building strong virtual relationships. Select faculty are also researching online educational resources and creating discipline-specific trainings that include best practices in humanities-based online teaching. Lastly, faculty are launching and mentoring learning communities that consider a specific topic related to the impact of the coronavirus each month, with a focus on inquiry into historical and current issues from a humanistic experience. This is the first NEH grant that the college has ever received and it was the only community college in California to receive this grant.
Student Completion **Completion Efficiency** **Student Employment** $500,000 Applied	**USDA- Agriculture & Food Research Initiative- Workforce Training Grant Program**- The proposed grant project consists of two components: Component one is working with the Veteran's Transition Center to train 15 Veterans in Diesel Technology. Additionally, the Grower Shipper Association has identified members that will provide paid internships for the Veterans during the project. Component two is a revamping of the Farm Worker Education program. This will be done in partnership with the Grower Shipper Association and will train approximately 170 incumbent workers. This will be designed as a Train-the-Trainer program and the total number of Grower Shipper member employees expected to participate is 1,900.
Student Completion **Student Efficiency** $244,538 Applied	**USDA- Distance Learning**- supports requests for equipment that will facilitate online education. Hartnell submitted a proposal focused on requesting streaming equipment for one classroom in each of the new centers. This will allow students from across the county to access a broader range of courses without having to travel to the main campus, thus providing a reliable, accessible place for them to pursue higher education.
Student Completion **Completion Efficiency** **Student employment** $185,000 Awarded	**Song Brown Registered Nurse Education Program**- offers healthcare workforce training grants that aim to increase the number of students and residents receiving quality primary care education and training in areas of unmet need throughout California. The focus of these grants will be on attracting and admitting underrepresented students, ensuring their efficient programs toward completion, and placing them in jobs in underserved areas.
Student Access **Innovation**	**Improving Online CTE Pathways Grant - Ready | Set | Go** builds upon existing pathways, addressing gaps to support the

Partnerships Awarded $500,000	most disenfranchised into, along, and out of short, industry-valued certificates and credentials by instigating meaningful improvements in its online education structure. The interventions focus on increasing upward mobility and include leveraging partnerships and dovetailing with the new Online Community College (OCC) by improving access to and filling gaps in online pathways that meet workforce needs.
Student Access **Innovation** **Partnerships** Awarded $324,968	**NASA MUREP Aerospace Academy (MAA)** - to increase participation and retention of historically underserved and underrepresented K-12 youth in the STEM areas. Hartnell plans to continue its successful MAA project, which includes field trips, family cafes, and the Aerospace Education Laboratory, among others, resulting in a stronger STEM pipeline and postsecondary access for underrepresented youth. Hartnell will continue to partner with school districts and K-12 schools that are overwhelmingly Latino/a, with large number of low-income English learners and low rates of success in STEM. The program will serve 3,000 K-12 students each year and will hire 120 local teachers.
Student Access **Student Success** $104,746 Awarded One-time	**California Community Colleges Chancellor's Office**- This grant opportunity improves and expands services to currently and formerly incarcerated students. This project is a collaboration between the Director of Continuing Education and the Director of Special Programs.
Student Access **Student Success** **Employee** **Development** **Partnerships** $24,771 Awarded One-time	**National Science Foundation** – Robert Noyce Teacher Scholarship Program- to encourage and prepare STEM majors and professionals to become K-12 mathematics and science teachers. In partnership with UCSC, the lead, Hartnell will build a strong pathway to UCSC for students interested in K-12 teaching in STEM. It will highlight viable career goals in teaching to students via recruitment events, informational sessions, brown bag lunches and high-school classroom visits. Hartnell is also pursuing the Noyce Capacity Building grant, with CSUMB as the lead. This one-year grant will support a year of joint faculty strategic planning to prepare the institutions to submit a follow-on proposal.
Student Access **Student Success** **Partnerships** $119,529 Awarded One-time	**California Public Utilities Commission**- Advanced Services Fund- Adoption Account- to increase publicly available or after-school broadband access and digital inclusion. Hartnell proposed two digital literacy projects, one in King City and one in Castroville, in partnership with CHISPA. The objective is to reach communities with low broadband access, including low-income communities, with trainings in basic computer, internet and software skills.

Student Success **Innovation** **Employee Development** **Partnerships** $1,500,000 Awarded 5 year term	**National Science Foundation- Improving Undergraduate STEM Education: Hispanic Serving Institutions** - to increase retention and graduation rates of undergraduate students pursuing AA/BA degrees in STEM fields. The project focuses on providing flexible, short-term applied learning/research opportunities to students that might not otherwise be able to pursue full-time internships, in order to better prepare them for future education and careers in the field. The project will train faculty via workshops and partner with a research non-profit to study the impact of these activities.
Student Success **Innovation** $1,000,000 Awarded One-time	**State Award - via Assemblymember Anna Caballero** - to provide a skilled workforce for employers in Monterey County and provide resources to support innovation and student learning in Agriculture Technology and Healthcare. Funds for this project will support acquiring the instructional equipment necessary to prepare students for the current agricultural and health care environments, both of which are saturated with technology. Upgrading programs and equipment in on-campus classrooms will provide students an opportunity to learn the critical skills necessary for rapid change in both industries.
Student Success **Innovation** **Employee Development** $3,000 Awarded For 2 years	**First 5 Monterey County**- for technical assistance in the form of consultants and support for materials for the Child Development Center. Through this assistance, teachers will participate in trainings and learn new approaches that support child development and learning. The Center plans to develop a visual calendar of the year to introduce new materials and concepts and then explore how to extend the children's learning experiences with those materials as the year progresses.
Student Access **Student Support** **Innovation** **Partnership** $75,000 Awarded One-year renewable	**California Community Colleges Chancellor's Office- State Development Grant-Teacher Talent Incubator** – To support and expand the teacher pathway program to Hartnell's Salinas campus and to provide further sustainability to program services. The project is a collaboration between Hartnell, CSUMB and the Monterey County Office of Education. The teacher pathway program incorporates a "grow your own" approach to teacher recruitment and retention.
Student Access **Student Success** **Partnerships** $2,749,795 Awarded	**US Department of Education Hispanic Serving Institutions Title V Individual Grant – Cultivamos Project** - To help establish the Hartnell Dual Enrollment program. The potential funding will provide federal support to offer and expand California's AB288 initiative related to College and Career Access

5-year term	Pathways. The primary goals of the grant proposal are to: (1) increase the number of pathway partnerships with area high schools via dual enrollment, (2) increase the total number of Hartnell dual enrollment courses, and (3) increase early access to underrepresented students through dual enrollment offerings.
STEM STEAM Innovation Partnerships $250,000 Awarded	**CCC InnovationMaker3** – The Chancellor's Office awarded Hartnell College $250,000, renewable for a second year, through a competitive process to create an inclusive maker space community, provide internships, and develop curriculum to prepare students with innovation and entrepreneurial skills to thrive in the regional economy.
Partnership Grants with Other Applicants	
Student Completion **Student Transfer** **Student Employment** $384,300 Awarded	**Inclusive Early Education and Expansion Program-** The Monterey County Early Learning Program is requesting $22,790,397 through this grant application from the California Department of Education (CDE) in partnership with and acting on behalf of the Monterey County Early Learning Consortium. The consortium plans to utilize local, public and private partners to provide inclusive Early Learning and Care (ELC) services in order to expand access and opportunities for children with disabilities and children receiving subsidized care. The funding for Hartnell will support equipment for the Child Development Center.
Student Completion **Completion Efficiency** **Student Transfer** $90,350 Applying	**USDA- Non-Land Grant Colleges of Agriculture Programs Capacity Building Grant-** This is a two-year grant submitted in collaboration with CSUMB (with Hartnell as the sub-awardee). The purpose of this grant is to provide students with meaningful research experiences that will provide them with experience as they move forward in their scientific careers as well as allow them the opportunity to foster a relationship with CSUMB as they prepare to potentially transfer to a four year institution.
Student Completion **Student Transfer** $10,000 Applying	**National Science Foundation- Scaling Up through Networked Improvement (SUNI)-** grant led by WestEd. SUNI is focused on testing a practical theory about improving math outcomes for students at scale. It is a 5-year proposal already underway with WestEd as the lead. The aim of the project is to test and refine a practical theory about scaling complex educational innovations within institutions through a Networked Improvement Community (NIC), in the context of an ambitious effort to scale the Carnegie Math Pathways (CMP)

	program nationwide. The CMP initiative is a systemic reform effort to dramatically improve the outcomes of college students who place into entry-level mathematics in 2- and 4-year institutions.
Student Employment $700,000 Applied	**Department of Labor- Strengthening Community Colleges Training Grant-** The grant project proposes training programs that are primarily short-term, vocational, and not for credit. The members of the Western Growers Association, the largest high-value commodity advocacy group in the Western United States, have requested that California Community Colleges offer aligned, not for credit curriculum that is founded on industry needs, so they can meet their 2021 skill gap needs. As such, the major agriculture colleges in their farming regions submitted a joint Department of Labor grant focused on food safety, farmworker education and mechatronics. Reedley College is the lead applicant; additional partners include Imperial Valley and Yuba colleges.
Student Employment $194,444 Applied	**Department of Labor- Strengthening Community Colleges Training Grant**- This grant strives to offset the devastating economic impact that the coronavirus has had on unemployment. This project, led by Canada College, is a collaborative of approximately 16 colleges across California. The objective is to develop one or more short-term trainings from 6 weeks to 9 months in length at each institution. The goal is to develop a workforce needed by local employers who require specific skill sets. Hartnell will work with an industry employer to identify missing worker skills and design new curriculum to meet that need. It will utilize noncredit classes and/or modify existing courses to meet the local employer needs.
Student Completion **Student Employment** Applied	**U.S. Department of Health and Human Services**- Health Resources and Services Administration- is funding grants that support nursing workforce diversity in eldercare. UCSF is applying as the lead with Hartnell as a subrecipient.
Student Completion **Completion Efficiency** **Student Transfer** **Student Employment** Awarded $9,255	**The Hearst Foundation**- has issued an award to CSUMB and Hartnell for the Teacher Pathway Program. Hartnell will receive support for chrome books and peer mentor stipends.

One-time	STEM education. Community college students transferring into SJSU in math, computer science, or software engineering often have limited access to classes in discrete math, and therefore take one or two extra semesters to graduate. In partnership with SJSU and other area community colleges, this project has these goals: 1. Improve the effectiveness of instruction to close equity gaps. 2. Share best pedagogical practices among participating institutions. 3. Use adaptive and online technology to help improve student outcomes. 4. Increase access to discrete math at community colleges.
Student Success Partnerships $60,000 Awarded	**Cal Wellness Foundation "FirstGenRN"**- supports first generation students pursuing nursing. UCSF received a grant for $250,000 over 36 months to implement an intervention that will address barriers and improve outcomes for first generation to college (FG2C) nursing students. Using a strength-based model, UCSF will implement an intervention across three Northern California schools of nursing with a high proportion of FG2C students. It will provide specific educational and career development modules, combined with in-person mentoring and peer-to-peer sessions, aimed at improving the academic experiences and outcomes of FG2C nursing students. Hartnell is participating in the pilot program, which will provide career development to the nursing student community as well as faculty development.
Student Access **Student Success** **Resources** **Innovation** **Partnerships** $1,000,000 Awarded 5 year term	**US Department of Education Hispanic Serving Institutions Title V Collaborative Grant** with CSUMB This collaborative project with CSUMB will continue supporting the development and growth of the teacher pathway to meet critical needs in the community. It will build upon the early success of the Teacher Talent Incubator and dovetail with health and agriculture pathway projects underway at Hartnell College. Proposed activities include: Building student support to foster success, retention, persistence, transfer and graduation rates through tutoring, supplemental instruction, mentoring, field experience, learning communities; and Alignment between local high schools, Hartnell and CSUMB via curriculum alignment, articulation agreements, advising across institutions, early assessment, summer experiences, boot camps and communities of practice.
Student Access **Student Success** **Innovation** **Partnerships**	**National Science Foundation – Scholarships in STEM** with CSUMB – to fund computer science cohort scholarships, in addition to funding faculty time for running and duplicating computer science cohort programs, as well as disseminating
