Changes in Funding Formula

Previous Funding Formula

Implementation

In 2018-19, 2019-20, and 2020-21, a district will receive the greater of the formula total or the amount the district received in 2017-18, adjusted by cost-of-living.

The formula includes a hold harmless "stability" provision that delays any decreases in revenues by two year.

Further, the formula requires the following:

- Goals—Adoption, by January 1, 2019, of goals that are aligned with the Vision for Success.
- Comprehensive Plans—Alignment of comprehensive plans with those goals and alignment of annual budgets with the comprehensive plans.
- Capacity—If directed by the chancellor (with approval by the Board of Governors), use of funds for technical assistance or professional development.

Student Centered Funding Formula

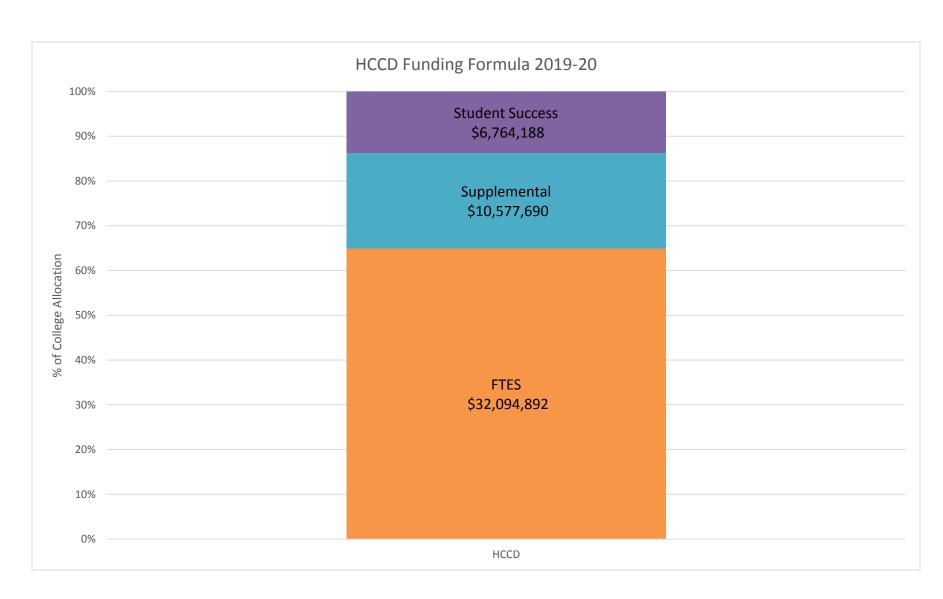

Apportionment is based on three allocations:

- Base (70%) current factors, primarily credit FTES
- II. Supplemental (20%) counts of low-income students (PELL, CA College Promise, AB 540)
- III. Student Success (10%) counts of outcomes (degrees & certificates granted, transfers to 4year, & completion of certain courses – transferlevel math & English in 1st year and 9 units of CTE)

Visual Distribution of TCR

Point Values

	2018-19	2019-20 /1	2020-21 /1
Base Allocation			
Dollars per Credit FTES	\$3,727	\$3,387	\$3,046
Basic Allocation	See Note	See Note	See Note
Supplemental Allocation— Dollars per Point	\$919	\$919	\$919
Student Success Allocation— Dollars per Point	\$111	\$167	\$222

^{1/} These totals will also be adjusted by the changes in the **cost-of-living** in those years.

Note: These amounts will be calculated based on the numbers of colleges and comprehensive centers consistent with the current formula.

Student Success Allocation

Student Success Allocation—Measures	All Students	Promise Grant Premium	Pell Grant Premium
Associate degrees for transfer granted	4	4	6
Associate degrees granted (excluding ADTs)	3	3	4.5
Baccalaureate degree granted	3	3	4.5
Credit certificates (16 units or more) granted	2	2	3
Completion of transfer-level mathematics and English courses within first academic year of enrollment	2	2	3
Successful transfer to four- year university	1.5	1.5	2.25
Completion of nine or more CTE units	1	1	1.5
Attainment of regional living wage	1	1	1.5

District receives one "point" based on the counts in the prior year:

- Pell Grant recipients.
- California College Promise Grant recipients.
- AB 540 students.

Projected amounts--subject to change

Governor Newsom's 2020/21 budget proposal denotes an "on behalf of HCCD" payment of 0.8% for PERS If passed and signed, effectively this will reduce HCCD's obligation by \$93,300

General Fund Budget Challenges

General Fund Budget Challenges

- Traditional FTE has taken a 30 percent discount
- MIS data integrity issues make these projections volatile
- Inmate population MIS input critical
- Student Success is projected to account for less than 10 of allocation
- Each FTE can be leveraged for additional Funding if that FTE achieves a student success outcome

Thank you!
