

Navitus Health Solutions

Navitus is the pharmacy benefit manager for PPO Blue Shield plans.

SISC/Navitus Network

The network includes most independent and all major chain pharmacies [except Walgreens](#).

Navitus Member Resources

Enrolled members can access helpful resources through their Navitus member portal, which includes the plan formulary—a list of drugs covered by the plan. The district has received a copy of the SISC Navitus formulary for reference prior to enrollment. The formulary is subject to change.

Members may contact Navitus customer care **before enrollment** to address any coverage questions by following these three easy steps:

1. Call Navitus at **866-333-2757**.
2. State that you'll be enrolled through Self-Insured Schools of California (**SISC**) on 12/1/2026.
3. Tell Navitus you will be covered on **RXPID 7X25, RXPID 200D10x35, RXPID 9x355000**, under Blue Shield code NVSHD.

Member ID cards will be mailed in mid-December. Once enrolled, members will only need to provide information from the ID card when calling Navitus.
