INFORMATION ITEMS

CONSTRUCTION PROJECTS – UPDATE  
The Board received an updated, written report on the current construction projects. The report is on Page 81 of the July 3, 2012 Meeting Agenda Packet posted at:

http://www.hartnell.edu/board/packets/7_3_12_Meeting_Packet.pdf

Trustee Freeman asked when the PE Field House will be completed. Joseph Reyes stated that the bid opening is July 10th. Pending Board approval, the construction will take just under one year to complete. Trustee Donohue asked if the Board could consider this item at the July Workshop. Trustee Padilla-Chavez responded that a special meeting, just prior to the Board's workshop, is scheduled to address the PE Field House and the Technical Training Building. The Special Meeting is July 25, 2012, 4 p.m.

Joseph reported that the track resurfacing is complete and now opened. Trustee Pruneda asked who/what is Perma-Green Hydroseeding. Joseph responded that Perma-Green is the contractor (cement and asphalt) who was awarded the contract for the Alisal Parking lot Project.

FINANCIAL STATEMENTS  
The Board received the financial statements for the period ending May 31, 2012. Trustee Padilla-Chavez asked about the cash flow delays and the affect it will have on closing the books for fiscal year 2011-2012. Alfred Muñoz responded that the deferred amount in July is $4 million and approximately $900,000 in October. This would complete the apportionment for the past fiscal year. Starting this year, during the first five months, the college will receive approximately 40% less than last fiscal year for those first five months. A large portion of that 40% will be deferred until next June. Thus, it is critical that the college maintain the current cash flow and reserves.

The Board plans to use the August Board Development Session to review the final budget prior to adopting in September.
DEGREES FOR TRANSFER

Dr. Lewallen reported that of the two degrees submitted for approval had some issues: Associate in Arts in English for Transfer Degree and the Associate of Arts in Political Science for Transfer. The college received approval for the Associate in Arts in English for Transfer Degree. Dr. Lewallen stated that last year every college was required to have at least two transfers degrees approved under the new system and that this is just the beginning. Currently, the college has received approval for four degrees for transfer.

Trustee Padilla-Chavez thanked staff for their due diligence on this work because our legislatures and Board of Governors receive updates on college progress.

BUDGET UPDATE

The Board received a budget update. Trustee Freeman stated that everything needs to be put on the table when looking at cuts, including large contracts. If this is not done, he cannot support cutting salaries. Trustee Padilla-Chavez stated that every stone must be turned and it will be difficult. The college must be creative. Trustee Gonzalez-Castro stated she hopes the college will follow the same principles that were followed in 2009. In addition, she would like to see everyone’s salary so that the Board could have a perspective on what a 5% cut looks like across the board. Trustee Montemayor recommended that this work be done when all staff is on campus, specifically at the beginning of the year. This would allow everyone to participate. Trustee Freeman questioned why the college would need to make any cuts when the college has a large reserve. Dr. Lewallen explained, to operate the college, the reserves would last about two to three months. Further, the college must plan not only for this year, but also for the next two to three years. Further, reserves are one-time monies – when they are gone, they are gone. Trustee Padilla-Chavez agreed with the 2009 guiding principles, pointed out that this task will need to be immediate, and will need to include staff. Dr. Lewallen stated that the guiding principles established in 2009 are outstanding.

CHILD DEVELOPMENT PROGRAM

The Board received a report on the Child Development Program due to the recent cuts the State has made to child development funding. The Board asked questions about the program to which Linda Taylor, Child Development Center Director, responded. Linda reported that she is working with the Foundation to find ways to support the program and is optimistic. Currently, the college has two centers: one on Main Campus and the other on the Alisal Campus. The centers are operating at licensing capacity and are fully supported by the State. No general funds are used to support this program. Ms. Taylor stated that she plans to report back to the Board on their progress at a future meeting.

SENATE REPORTS

There was no Student or Classified Senate report.

Academic Senate: Tony Anderson, Senate President

PRESIDENT’S REPORT

Dr. Lewallen reported on:

Accreditation – He attended an Accreditation Steering Committee meeting yesterday and was pleased to hear the discussion, that everyone was engaged and that he looks forward to providing his input.
Vice President, Academic Affairs: The first set of interviews are scheduled this Thursday and Friday and the process in moving along.

Budget: Budget planning must be about the next three to five years given what the college is facing and the college must start planning.

Organization: This coming year, the college will begin to look at the organizational structure – what kind of structure do we need in place that will be efficient, effective, and meet the needs of the college, given all of the challenges we face. This is a priority moving forward. Dr. Lewallen stated that he understands the uncertainty some feel due to recent changes, but it is not permanent. The college will spend time this next year in a collaborative and inclusive process to sort out what the organization will look like. He will bring this to the Board, also.
