PLEDGE OF ALLEGIANCE
Led by Trustee Taylor.

AGENDA
On a motion by Trustee Healy, seconded by Trustee DePauw, by vote of 7-0, and by advisory vote of Aye (Taylor), the Board approved the agenda as amended.

Addendum to Consent Item H., Personnel Actions, to approve the allocation of a new classified position in the Disabled Students Program and Services (DSP&S). The position, DSP&S Lead, is a part of the Student Services reorganization. (Appendix A)

Trustee Donohue announced that closed session would be moved to the end of the public session in deference to the presenters and for that same reason, public comments would be heard after presentations.

PRESENTATIONS
A 2020 VISION FOR STUDENT SUCCESS
At the request of Dr. Helm, Scott Lay, President/CEO, Community College League of California, presented the Commission on the Future: A 2020 Vision for Student Success.

Trustee Donohue introduced Mr. Lay, stating that she believes he is one of the best advocates for community colleges and that, as a community college graduate who earned a law degree at U. C. Davis, he is a living testament to the value of a community college.

Mr. Lay thanked the college for inviting him and he thanked Trustee Donohue and Dr. Helm for their participation in the California Alliance for Student Success (CLASS) initiative and stated that this initiative is a step forward because it shows that presidents...
and boards not only have a responsibility to budget and policy, but they now recognize the responsibility of student outcomes, too.

Mr. Lay then stated that he expects the budget to be adopted on Thursday and signed by the Governor sometime next week. The budget, he believes, will not be balanced, but will be fair to community colleges.

Mr. Lay presented an overview of the League’s Commission (a 33 member committee) on the Future, *A 2020 Vision for Student Success*. The Commission was charged with studying effective policy and practice changes that, if incorporated, could be reasonably be implemented by 2020 and would enable the community college system to increase the number of students who have access to, and are able to complete, high-quality degrees and certificates and transfer to the workplace and/or universities.

The vision of the Commission is that all California residents will have access to a quality postsecondary education in a timely manner through access, success, and equity. The goals are to increase the completion rate by 1 million by 2020; close the participation rate gap; and close the achievement gap. Mr. Lay’s presentation included statistics on completion rates, student enrollments, and achievement gaps. He stated that while we do not know all the things that work, we do know one thing for sure and that is “anonymity kills” and praised cohort models as being more successful.

More information on the League’s Commission on the Future: *A 2020 Vision for Student Success*, can be found at:

http://www.ccleague.org/files/public/ATC2010/00TFNatlPersp.pdf

Members of the Board thanked Mr. Lay for his presentation and stated that it was refreshing to see that community colleges are looking at student achievement. The Commission’s final report will be ready sometime in November and will be sent to all CEOs.

ACCOUNTABILITY REPORT FOR COMMUNITY COLLEGES – 2010 Focus on Results

Dr. Helm presented the 2010 Accountability Report on Community Colleges that is prepared by the Chancellors Office and provided to colleges each year. She stated that the report groups the 110 community colleges into six peer groups based on specific environmental or uncontrollable factors for each indicator. Specific uncontrollable factors include 1) percent of students age 25 and older, 2) percent of students taking basic skills courses, and 3) community or neighborhood factors including: a) educational attainment of residents over the age of 25, b) poverty, c) income, and d) unemployment. Because of this, one might not typically expect Los Angeles and Yuba Colleges to be in the same peer groups, but because of these uncontrollable factors, they are.

Dr. Helm presented a summary comparison of State peer group and college rates on performance indicators across the past two reports, 2009 and 2010. In comparing the two years, the college improved in each performance area and exceeded state and peer group averages in each performance area except for Basic Skills Course Completion. It should be noted that while Basic Skills Course Completion at Hartnell fell behind both the State and the Peer group averages, Hartnell exceeded both of these groups in course improvement defined as the number of students who subsequently completed a higher level course in the same discipline. The same was true for ESL students who subsequently completed a higher ESL course or English course.
Also, Dr. Helm noted that the unduplicated student headcount at Hartnell College increased by almost 3,000 students from 2006-2007 to 2008-2009 and the number of FTES increased by almost 1,000 during that same time period. The largest growth was in the 25-49 age groups.

There was some discussion about the completion rates for vocational courses as compared to the basic skills courses. Dr. Helm responded that the completion rate data for vocational courses could easily be influenced by the nursing program and that this particular program has nearly a 100% completion rate. Further, she stated that the data is in relation to number of course completions (units) and not degrees or programs.

**ACADEMIC SUCCESS ON STUDENT ATHLETES**

Dr. Greg Peterson, Vice President, Student Affairs/Athletics and Interim Athletic Director, Dan Teresa gave a delightful PowerPoint presentation on the academic success for student athletes for academic year 2009-10.

The following statistics were presented:
- There were 267 students who participated in one of the 12 intercollegiate teams.
- All 267 carried 12 units or more. The average non-athlete student carried less than 9 units.
- Of that 267, 86% were local and 14% were out-of-state.
- Eighty-six (86) of the student athletes were second year students, the remaining 181 students were first-year students. This year, 161 returned to continue their participation in one of the 12 intercollegiate teams.
- Seventy-one percent (71%) of the 86 transferred to a four-year college or university. This transfer rate is twice the State average.
- Fifty-two percent (52%) of the 71%, who transferred to a four-year institution, received a scholarship.
- One of three valedictorians of the Class of 2010 was a student athlete.

The Board thanked Dr. Peterson and Dan Teresa for their presentation and commended them on a great athletic program and for focusing on the academic success for athletes. In addition, Trustee Gonzalez-Castro invited them to show this presentation at an upcoming visit from members of the National Association for Latino Appointed and Elected Officials.

**MONTEREY/SALINAS TRANSIT**

Dr. Greg Peterson, Timothy Miguel, Student Senator, and Karina Rey, Associated Student Vice President, reported on their progress with the Monterey/Salinas Transit.

Mr. Miguel reported that they met with representatives from the Monterey/Salinas Transit (MST) to discuss possible options to reduce transportation costs for students. Some options include: 1) purchasing monthly passes in bulk at a reduced rate, a model currently employed by Monterey Peninsula College, 2) developing a convenient transportation option between the main and Alisal campuses, such as a trolley, 3) creating a student discount program based on travel direction and zones, similar to that of CSUMB, and 4) exploring the possibility of a student transportation fee to be adopted by the student body. Ms Rey stated that the students are motivated and excited to discuss this issue and are grateful that Mr. Miguel has taken on this task. She stated the senate will conduct a survey on the use of public transportation and will share the results once completed.
Mr. Miguel thanked Trustee Padilla-Chavez for her support in this matter and for her interest in the student body as a whole.

Trustee Padilla-Chavez commended the students on their work and leadership and she encouraged them to set goals and timelines to help them see their accomplishments. Also, both Trustees Gonzalez-Castro and Donohue offered their assistance in any way possible.

PUBLIC COMMENTS
There were no public comments on the closed or public agenda.

CONSENT ITEMS
On a motion by Trustee Padilla-Chavez, seconded by Trustee Gonzalez-Castro, vote of 7-0, and by advisory vote of Aye (Taylor), the Board moved to approve Consent Items A through H.

The Minutes of Regular Meeting of September 7, 2010, and Curriculum Committee Recommendations were pulled for further discussion.

A. MINUTES
Approved minutes of regular meeting of September 7, 2010 as revised.

At the request of Trustee Gonzalez-Castro, the minutes were revised to further include comments made by her and by Theresa Carbajal regarding the adoption of Resolutions 10:10, Calling Upon Congress and President Obama to sign a Just and Humane Comprehensive Immigration Reform Bill, and 10:11, Urging the State of Arizona to Repeal Senate Bill 1070, “Support Our Law Enforcement and Safe Neighborhood Act. Trustee Gonzalez-Castro read aloud the statements she wants included because she believes statements made by Ms. Carbajal were powerful and she wants them to be reflected in the minutes. Also, she requested that her response to Trustee Taylor’s comments be noted and that Ms. Carbajal’s name be added under public comments.

In addition, Trustee Gonzalez-Castro recalled that the voting results of those same resolutions were misconcounted and believes a statement regarding that miscalculation be included because it was reported by the media erroneously, causing confusion.

Trustee Healy stated that he believes that statements made by Ms. Carbajal are her personal opinions and should be noted as such.

B. DISBURSEMENTS
Approved disbursements from any or all of the following funds: general; debt service; bookstore; child development; capital outlay projects; scheduled maintenance; property acquisition; bond projects; cafeteria; self-insurance; retirees health benefits; associated student body; scholarship, loan, and trust; and intercollegiate athletics.

C. CURRICULUM COMMITTEES
Ratified the recommendations from the Curriculum Committee.

Trustee Padilla-Chavez asked specific questions related to the timeframe and she asked why courses are being placed inactive and stated that it would helpful to her if the curriculum action was itemized by category. Also, she asked about the criteria used to determine when courses are being deleted or placed in the inactive status. Dr. Feinour responded that she would ask the Curriculum Committee to provide the criteria used in making those determinations.
Trustee Freeman asked about the adaptive computer courses to which Dr. Feinour responded that the courses have not been offered for sometime due to lack of enrollment.

D. HIGH SCHOOL EQUIVALENCY PROGRAM

Approved the agreements between Hartnell College and North Monterey County/Castroville Adult School, Soledad Unified School District, and Watsonville-Aptos Education Center. The purpose of these agreements is to provide support for the High School Equivalency Program (HEP), beginning October 6, 2010 to September 30, 2011. All expenses incurred by Hartnell College are supported by the HEP grant of approximately $600 per student served.

E. MINI CORPS MOU

Ratified the Memorandum of Understanding (MOU) between the California Mini-Corp and Hartnell Community College District. The purpose of the MOU is to provide students an opportunity to prepare for a teaching career. The term of the MOU is August 1, 2010 through August 31, 2011.

F. INSTRUCTIONAL AGREEMENT – CDC TRAINING CONSORTIUM – YOSEMITE CCD

Ratified the renewal of the instructional agreement with California Child Development Training Consortium between Yosemite Community College District/Child Development Training Consortium and Hartnell College for academic year 2010-2011. The amount received is $10,000 of which forty-eight percent (48%) is for direct reimbursement of enrollment fees to students and the remaining 52% is for supplies, books, transportation for field trips, and instructional materials. The term of the agreement is September 1, 2010 through June 30, 2011.

G. GRANT APPLICATION: SEMMA

Ratified the grant application to the National Science, Engineering, Mathematics, and Aerospace Academy (SEMAA), accepted funds, if awarded, and authorized the administration to enter into partnerships to implement the grant. If awarded, the college could receive up to $375,000 over a three-year period.

H. PERSONNEL ACTIONS

Approved and/or ratified personnel actions (Appendix A)

ACTION ITEMS

BUDGET REVISIONS

On a motion by Trustee Healy, seconded by Trustee DePauw, on vote of 7-0, and by advisory vote of Aye (Taylor), the Board moved to approve budget revisions numbered 8926 to 8984.

RESOLUTION 10:12

On a motion by Trustee Padilla Chavez, seconded by Trustee Healy, by roll-call vote of 7-0, and by advisory vote of Aye (Taylor), the Board moved to adopt Resolution 10:12, Designating Authorized Agents to Sign School Orders. Those designated as authorized agents are Dr. Phoebe K. Helm, Superintendent/President, Kent Stephens, Vice President, Support Operations, and Alfred Muñoz, Controller.

RESOLUTION 10:13

On a motion by Trustee Healy, seconded by Trustee Padilla-Chavez by roll-call vote of 7-0, and by advisory vote of Aye (Taylor), the Board moved to adopt Resolution 10:13, To Encourage and Support Local Participation in Response to Bids, Requests for Proposals, and other Procurement Processes employed by the Hartnell Community College District.

Trustees Padilla-Chavez thanked Dr. Helm for pursuing this matter and she asked how this would be applied and would there be any administrative charges. Dr. Helm
responded that the college would begin to track contractors and subs, but that it does not change the regulations that community colleges are required to follow. Also, Dr. Helm reported that the Chamber of Commerce is excited about the adoption of this resolution in support of their “buy local campaign”.

RESOLUTION 10:14
On a motion by Trustee Healy, seconded by Trustee DePauw, by roll-call vote of 7-0 and by advisory vote of Aye (Taylor), the Board moved to adopt Resolution 10:14, GANN Limit Resolution Establishing Appropriations Limit for 2010-2011.

INFORMATION ITEMS
CONSTRUCTION UPDATE
The Board received the written report on the college’s current construction projects. They asked questions related to the completion of the college center and asked for an update on the keyless entry project to which Joseph Reyes, Director of Maintenance, responded.

Trustee Freeman said that he is not pleased that the college center was not ready in time for fall, that it should have been ready before school started. Dr. Helm clarified that the completion of the center is on schedule according to the bid specifications. Trustees Padilla-Chavez and Taylor stated that it would help them to communicate to their constituents clear established deadlines and asked that the summary reports include this information explicitly. Mr. Reyes stated that the completion date for the college center is January 12, but that portions of the center would be ready sooner. The written report is housed on the college’s website:

There was some discussion on the Board receiving copies of all change orders over the past five years. Dr. Helm responded that staff is working on compiling these documents, but that it would take time because the request goes back five years.

SENATE REPORTS
Student Senate
Stephanie Blancas reported they had a celebration for September 16th; that they decided to support Blue September and donated $345 for prostate cancer; that this month they will attend the General Fall Assembly in San Diego, and they now have sweaters for the Senators. Also, she reported that Karina Rey and Timothy Miguel are working hard with MST on transportation needs.

Classified Senate
Margie Wiebusch reported that the classified union will meet with the Classified Senate at the end of the month and she is pleased that there is new energy among the newly hired classified employees.

PRESIDENT’S REPORT
Dr. Helm reported that the Board will receive a presentation on the summer research program from math and science students in November.

BOARD COMMUNICATIONS
Trustee Taylor complimented the presenters this evening; that she fully supports the work of Mr. Miguel on the MST; and she reminded the Board that while she is the President of the Student Senate, when she sits at the table with the Board, she is the Student Trustee and her opinions are hers alone – not that of the Student Senate.

Trustee Padilla-Chavez shared the report, Pathways Out of Poverty for Vulnerable Californians, Policies that Prepare the Workforce for Middle-Skill Infrastructure Jobs. She stated the report is interesting and addresses some of what the Board has been
discussing and hopes it will be thought-provoking. Also, she pointed out upcoming workshops sponsored by the Monterey County School Boards Association.

Trustee Freeman reported that he believes we need to reach out to 6th graders; that he liked Scott Lay’s report – that the information was great; that he is pleased the students are taking on the transportation issue; that he was happy to hear and meet Jim Otto, former NFL player, who was on campus earlier to discuss prostate cancer; that he attended the event El Grito, where he heard Jackie Cruz-Ortega sing beautifully; that he attended the first two home football games, and that he is troubled by the recent violence in Salinas and believes that Hartnell College, being the largest educational institution in the county, could be a beacon of hope through discussions and forums.

Trustee Healy stated he was pleased with tonight’s presentations; he thanked Dr. Helm and the staff of their work on the accountability report – that the college is moving in the right direction; he gave a special thanks to Dr. Peterson and Dan Teresa for their presentation on student athletes and that he is extremely proud. Also, he thanked Trustee Donohue and Dr. Helm for attending the 40th Anniversary celebration for the Sunrise House. (Trustee Healy represents Hartnell College on the Sunrise House Board and currently serves as President of that Board).

Trustee Gonzalez-Castro reported that she is grateful that Dr. Helm brought Scott Lay to Hartnell – that it was a wonderful presentation – that it will help set goals and help the college move forward; that she is pleased with the student athlete presentation and the accountability report – that it keeps us on track; that she is happy the students are working on the transportation issue because it reminds her of when she lobbied for free transportation for homecare workers so she knows what it means not to have transportation to and from work and/or school, and she commended the students for their efforts; that she is delighted to inform the Board that she completed the 2010 NALEO Health Leadership Program – their last meeting was held at Coronado Bay – that NALEO will schedule a joint visit with Hartnell and the Salinas Union High School District – that this is an opportunity to showcase the work of the College. She encouraged the staff to consider taking their presentations to the high schools and she asked that resolutions passed last month be posted on our website. Dr. Helm acknowledged the request and stated that they are on the website under “Board Agenda”.

Trustee Montemayor stated that he was pleased with all presentations this evening – that they were all great.

Trustee DePauw reported the same – stating the presentations were great and she congratulated the coaches on their academic student success.

Trustee Donohue presented Trustee Healy with a Certification of Appreciation to Hartnell College from the Sunrise House for Hartnell’s support over the past 40 years. Also, she asked the board to review the calendar of events to see upcoming events and announced the next Board Development meeting is October 19, 5:30 p.m. and the next regular meeting is November 9, 2010, 5:00 p.m., CALL Building, 2nd Floor, Room 208, 411 Central Avenue, Salinas.
The Board of Trustees of Hartnell Community College District, Dr. Phoebe Helm, Superintendent/President, moved to Closed Session at 8:31 p.m. to consider legal, personnel, labor, and/or contract matters authorized for Closed Session per Government Code Sections, 3549.1, 54956.9, 54957 and/or 54957.6. After a brief period, Dr. Helm left closed session so that the Board could discuss her evaluation. She rejoined them after they had their discussion.

Trustee Donohue reconvened the public session at 10:32 p.m. and reported that there was no action taken in closed session.

On a motion by Trustee Healy, seconded by Trustee Padilla-Chavez, and by vote of 7-0, the Board moved to adjourn the meeting at 10:35 p.m.
