Dr. Helm presented Ms. Carla Juarez with an award from the Foundation for California Community Colleges for her dedicated services to California foster youth.

Dr. Catherine Ryan, Assistant Dean/Nursing Director, shared her experience with the Digital Bridge Academy and Faculty Experiential Learning Institute that she, Dr. Helm, and seven faculty participated in this past June. Incoming nursing students are scheduled to participate in the foundation course, starting tomorrow, and will gain knowledge about their learning styles and strategies, leadership skills, and listening and communications techniques that will promote success as a student, and in their chosen career path.

Liz Estrella, faculty, who also attended, stated that she has been involved in many programs to help student achieve better success; this particular program is the most comprehensive program that provides timely help to students in a way that she has not seen before.
Funded by Hewlett Packard, The Digital Bridge Academy started five years ago at Cabrillo College. It is designed for low income, immediately out of high school youth. The majority of students are Mexican-American, first in their family to attend college, second language learners, and have had a brush against the law. As a result of this program, eighty-five percent (85%) of twenty students that received the training, finished two years and 85% of that, finished four years.

In January, the college plans to train an additional 30 faculty.

Andres Molina, a student from Cabrillo College and graduate of Digital Bridge was to be present to share his experience with this program, but was held up in traffic.

Damon Felice, Townsend Management, Inc. gave an update on the College’s constructions projects. The entire report can be found on the college’s website: www.hartnell.edu/board/packets/August_Bond_Packet.pdf.

BOARDS GOALS FOR THE COLLEGE

Accreditation: Dr. Kathleen Rose reported that at its meeting of June 4-6, 2008, the Accrediting Commission removed the college from warning and reaffirmed its accreditation status with a progress report due March 1, 2009. The college has partially completed the work to fully resolve Recommendations 2, 3, and 4. The March report must demonstrate full resolutions of the deficiencies noted or the Commission must take action to terminate accreditation. Dr. Helm stated that,
while she is pleased with the college’s progress, we must sustain its direction – there is still a lot of work to be done.

Dr. Rose thanked Dr. Helm for her leadership. Dr. Helm thanked the faculty, staff, and the Board for their leadership and courage and for making the hard decisions. Board President Valdés also thanked Dr. Helm for her leadership.

**Finances:** Dr. Helm reported that the college may still come out with a balanced budget, and close a $3 million funding gap. In reviewing the quarterly report, it should be noted that there is sufficient reserves for the college to pay its bill through September and maybe October without a State budget. After that, we will have to look at borrowing funds.

**Communication:** Dr. Helm shared that three board members attended a dinner for the Summer Undergraduate Math and Science (SUMS) Program, where 29 highly skilled high school graduates participated. All 29 finished the program, and 25 of have enrolled at Hartnell.

**CONSENT ACTION ITEMS**

On a motion by Trustee Rice, seconded by Trustee Donohue, and unanimously carried, the Board moved to approve Consent Action Items IV. A through IV. L.

INFORMATION ITEMS

SENATE REPORTS

Student Senate

None

Classified Senate

Lourdes Sanchez, President, reported that the 2008-09 elections/meetings are on hold until the second phase of the transformation is complete.

Academic Senate

Dr. Kelly Locke, President, reported that the Senate will meet on the second and fourth Tuesday of the month, 3-5 p.m., and encouraged the Board to attend the Senate meetings.

President’s Report

Dr. Helm provided the following report:

Enrollment:
Summer enrollments ended with 4.7% increase in head count, and 5.3% in units from last year; fall is up 20% compared to this day last year in both head count and units.

Budget:
The college still does not have no definitive information on the State Budget, when it will pass or what the allocation for Community Colleges will be. The good news so far it that we still believe we will close this past year at zero. That means we have closed our deficit, despite the additional cuts from the State. In essence, we closed a $3 million dollar funding gap in one year.
Positions:
1. Executive Vice President: We are starting the search again in the Fall and do not expect to fill it until sometime in the Spring.
2. Associate VP for Career and Economic Development: We will start that search again later in the year. Meanwhile we will fill it with a consultant.
3. Dean of Developmental Education: Liz Estrella has accepted an interim appointment.
4. Dean of Distance Learning, Evening, Weekend and adjunct faculty: Dr. Jennifer Fellguth
5. Director of the Small Business Development Center: Keith Holtaway
6. Associate VP of Academic Affairs: Dr. Kathleen Rose
7. Associate VP of Student Affairs: Dr. Greg Peterson
8. Associate VP of Support Operations: Barbara Yesnosky

Dr. Helm, once again, thanked the 50-60 faculty and staff who supported this process. She also thanked Tamberly, Alma and others in HR for their support.

The highlight of the Summer, in her mind, was the experience Friday evening, when 29 of our recent high school graduates finished the Math and Science Summer Program. These kids are amazing and 25 of the 29 are coming to Hartnell this fall.

She shared the following three invitations with the Board:

- Thursday, August 7, at 9:00 AM in the Library, the Mayor of Guanajuato, and the Mayor of Salinas will be here to discuss cooperative ventures with the University there. The event is expected to last about two hours.

- Friday, August 8, the Foundation will be announcing the largest ever donation of scholarships from a farm worker. Mr. Marcos Duran bequeathed $140,000 to Hartnell for student scholarships. Members of his family as well as community and foundation leaders will be here for that ceremony.

- Friday August 8 and Saturday August 9: Registration Rally here on the 7th and in King City on the 8th. This is a fun filled family friendly activity.

Trustee Valdés stated she received a letter from Trustee Freeman stating Trustees Rice, Healy, and Valdés are in violation of Board Policy 1055. She has talked to both Trustees Rice and Healy and they don’t believe they have been unethical. While they do support each member’s responsibility to engage in independent thought, they regret Trustee Freeman feels disrespected. Trustee Freeman stated that, in his opinion, at times, when a member disagrees, they are made to feel less than equal – that their opinion is invalid. And, that this type of behavior is borderline unethical. He apologized if he has offended anyone and wants to move forward. Trustee Martinez stated that he agrees with Trustee Freeman – having been a victim himself. He believes some board members practice a double standard—he has been insulted by comments, and he didn’t write a letter. But, when someone else feels insulted by him, he’s written up. He believes the Board should...
respect each other. He then referred to a letter written about him that was handed out at a meeting where he was not present. He has not had the opportunity to discuss it, and this is upsetting to him.

Board President Valdés apologized to Trustee Freeman if she offended him and suggested, if in the future, he feels offended by what someone has said, that he should address it at that time. Also, the letter to which Trustee Martinez referred, was handed out, there was no action taken at that meeting, the letter was faxed to Trustee Martinez. Trustee Freeman then stated never received this letter. He was reminded that when he was given the letter, he torn it up.

Trustee Freeman stated board members are not employees of the college and are not treated in the same manner when being disciplined. That disciplinary action must be done in public – that it’s the law. Dr. Helm stated they are two different legal opinions on when a sanction is to occur in public because there are exceptions. And, that the current question from Board President Valdés is directed to both Trustees Rice and Healy. Does her statement accurately characterize their intent to apologize to him? Both Trustees Rice and Healy agreed to the statement and had nothing further to add.

Trustee Gonzalez-Castro reported that she attended an excellent training in San Francisco coordinated by the Latino Academy with ex-Senator Polanco and other elected officials; that she would like to request the Board considering paying for her annual membership fee to join NALEO – National Association of Latino Elected and Appointed Officials ($100 annual fee); that she attended the Tri-county Latino elected Association luncheon; that she attended the SUMS dinner, took pictures, and had a wonderful time; and she would like the college to consider sponsoring the Mexican Independence Day celebration, El Grito.

The Board agreed to pay the NALEO annual membership fee for Trustees Gonzalez-Castro, Martinez, and Freeman.

Dr. Helm asked Elia to give her the paperwork for El Grito so the college can move forward with her request.

Trustee Gonzalez-Castro also thanked The Western Stage for inviting the Alisal students to The Sound of Music. They had a wonderful time.

Trustee Freeman thanked Carla Juarez for her work, and thanked Andres for being here tonight and sharing his story.

Trustee Cortes reported that the Effective Student Trustees book has been ordered and he hopes to have the discussion soon.

Trustee Healy reported, as the board representative to the Sunrise House, he has been attending the meetings and requested that the executive director of the Sunrise house be placed on the agenda to present their services.
Trustee Martinez addressed a letter he received in February from Board President Valdés. The two of them have not discussed his letter nor has the Board heard his point of view. He doesn’t know the status of the letter and is willing to throw the letter away and let it go. Board President Valdés responded that she stands by the letter and will allow the Board to proceed as they wish.

Trustee Donohue reported that she attended *The Sound of Music*; that she attended the SUMS dinner and that she was so impressed that she offered to volunteer next year; and on behalf of the Board of Trustees, she presented Board President Valdés with a plant, a crystal plaque, and gavel.
