PUBLIC HEARING – NOTICE OF INTENT TO PROPOSE CHANGES TO CONFLICT-OF-INTEREST CODE

Trustee Donohue opened the Public Hearing – Notice of intent to propose changes to the Conflict-of-Interest Code to include new titles for college administrators and delete old ones. State law requires that the district give notice of its intention to make changes and commence a 45-day written public comment period. The 45-day period is January 14, 2009 to February 27, 2009.

The Board will further review this amendment at their February meeting and will consider adopting the policy at their March meeting. Trustee Martinez questioned whether the deadline could be extended beyond February 27th. Terri Pyer, Interim Director, Human Resources, responded the February 27th deadline allows the district the opportunity to respond to any written comments and preparation for final approval at the Board of Trustees March meeting.

PRESENTATIONS

Bond Oversight Committee

Damon Felice, Felice Consulting Services, gave an update on the college’s current construction projects. The entire report can be found at: http://www.hartnell.edu/board/packets/January_2009_Board_Packet.pdf.

Trustee Martinez stated that he felt that new Board members were not aware of the land exchange at Alisal Campus and asked why the Board was approving a contract without knowing the details of an exchange. Dr. Helm responded the contract before the Board this evening, was a funding agreement between the college and the City of Salinas –that the City would secure a consultant to work out the land exchange and the college would share the cost (50%) of securing a consultant. Further, she believed that the Board had previously discussed the possibility of a land exchange prior to her coming to Hartnell. The land exchange, once the recommendation is finalized, would be brought to the Board for approval.

BOARD DEVELOPMENT

As defined in their development plan, and at their regular meetings, the Board will review, discuss, and revise board policies, as necessary. This not only provides an opportunity for the Board to revisit these policies for currency and accuracy, but also provides the public an opportunity to become familiar with board policy.

Dr. Helm informed the Board that she has not had the opportunity to review the policies with Dr. Peterson, Associate Vice President, Student Services. As such, she requested the Board consider tabling the review of Board Policies 3100 through 3150 until next month. Trustee Healy asked that those reviewing the policies ensure the policies are compliant with Education Code. Dr. Helm indicated that the college was purchasing a service from the Community College League of California to support that effort in a way that is ongoing and systematic.

BOARD’S GOALS FOR THE COLLEGE

Accreditation: Dr. Helm reported the faculty and administration continue to work on the progress report, which is due March 1, 2009. The Board formed a sub-committee (Donohue and Freeman) to review the final report after the draft is submitted to the Board at its February meeting.
Trustee Martinez stated that he has raised questions about the minutes of the June 17, 2008 meeting and that those changes had not been made. His concern surrounds the written public comments. Trustee Donohue offered to work with Trustee Martinez on reviewing these minutes using his notes, her notes, and speaker request forms.

**Finances:** Dr Helm expressed appreciation to Mary Dominguez, Enrollment Director, faculty, and staff for their level of support to grow enrollment. Currently, for spring, we are at 2,400 FTES, about 900 short of the budget goals. The recent proposed State budget reflects a 3% growth. So, the college needs to achieve those additional 900 FTES.

Dr. Helm also reported the registration rallies (Friday on main campus and Saturday in King City) received good media press. In addition, the college had its first ever three-week intersession, which was well received.

Also, she reported that Gary Hughes, Mary Dominguez, and staff worked to review each code in the schedule of classes for accuracy. Correcting these errors salvaged almost 132 FTES. This is extremely important to the college’s funding and she appreciates their efforts.

In addition, she and administrative staff went on a retreat with M.I.S.A. and engaged in training with the CCCCCO in Sacramento.

**Communication:** Dr. Helm stated she appreciates that the Board continues to improve their communication through their working and meeting with M.I.S.A.

Trustee Martinez commended Dr. Helm and staff on their work with the registration rallies; that he is receiving positive feedback.

**CONSENT ACTION**

On a motion by Trustee Healy, seconded by Trustee Gonzalez-Castro, vote of 6-0, and vote of Aye (Cortes), the Board approved Consent Action Items A, B, C, D, E, G, and H.
