Minutes of the Governing Board Meeting

Trustee Freeman stated he would like the minutes to reflect the full intent of what is being said. Dr. Helm responded that the legal requirement of minutes is to capture the action of the Board. A balance would be to capture the action and some sense of the essence, and that the primary purpose is to be accurate. Trustee Healy asked if the meetings were audio taped. The April 1st meeting was the first meeting to be audio taped. Trustee Martinez asked if audio tapes are a public record and if he could have copy, should he ask. On occasion, he has differed from the Board’s decision and has publicly separated himself from their decision, yet the minutes have not accurately stated such. It is important to Trustee Martinez that the record be accurate, especially when he is in the minority. Dr. Helm responded that copies of the audio tape are available up to 30 days after the meeting, after which time, the district has a right to destroy the recording. She also suggested that when Trustees want a statement made for the record, they should state such by saying “Please let the record reflect…” President Valdés asked that a statement be added stating that the minutes are posted on the college website.

Ethical Conduct of the Governing Board

Trustee Freeman stated that if the Board is going to reprimand a member for unethical behavior, that it’s unethical to give that person notice the day of the meeting. The Board agreed. The policy will be revised to include a timeline of one week notice, where feasible to follow the last sentence on page 2, Procedures for Sanctioning Members Who Commit Ethical Violations.

Emeritus Trustee of the Governing Board

Dr. Helm stated that revised policies require two readings. The Board directed Dr. Helm to draft the changes and forward to the Board.

Accreditation: President Valdés reported that Board members met with the Accreditation Team last week. Overall, the visit was excellent. Several questions were asked and answered regarding board policies, campus climate, shared governance, communication, student learning outcomes and other Accrediting Commission concerns. At the conclusion, the visiting team comments were, “If you would have told me that Hartnell College would be where it’s at today - one year ago, I would have not believed you.” It was a wonderful opportunity for the Board members who met with the team to learn the college’s progress.

Finances: President Valdés reported that the Ad Hoc Committee met earlier to go over finances, and strategies are underway. Dr. Helm reported that the College received notice that the tax revenues for this year are even lower than anticipated and the College won’t know the impact until late June. If the College doesn’t get hit with anything else, the College could close the year without touching its reserves – something that has not happened in years.

Communication: President Valdés reported on Ag Day, and on the Party in the Library, which was a successful event that exceeded its goal. She also reported on Ricky Fernandez, Hartnell College student, who has already received a $10,000 scholarship, per year, from NASA, was also the recipient the $20,000 Karl S. Pister Scholarship from UC, Santa Cruz. Dr. Helm stated that Student Trustee Moreno has also received a scholarship.
Search for Supt./President: Tamberly Petrovich reported that the eleven team member search committee concluded its interviews and have forwarded three finalist: 1) Dr Cecelia Cervantes, President, College of Alameda; 2) Dr. Phoebe Helm, Interim Superintendent/President, Hartnell College, and 3) Dr. Santos Martinez, Vice President, Student Services, Coastal Bend College, Beeline, Texas. Each of the candidates will be visiting the campus next week and will have open meeting/forums hosted by administrators, students, faculty, and staff in the Studio Theatre starting at 11:00 a.m. Although hosted by various groups, all meetings are open to everyone. President Valdés read aloud the names of the search committee members and thanked them for their service. They were: Paulette, Bumbalough, Mary Dominguez, Al Grainger, Aaron Johnson, Aurora Mendez, Lorena Moreno, Ignacio Pando, Ignacio Ornelas, Demetrio Pruneda, Lisa Storm, and Joanne Trevino. In addition, she thanked Jack Bessire, PPL, and Tamberly Petrovich for all of their work. Jack Bessire thanked Tamberly for her organization and efforts.

F. On a motion by Patricia Donohue, seconded by Brad Rice, and unanimously carried, the Board moved to approve the Side Letter Agreement with Hartnell College Faculty Association to Suspend Tenured Faculty Evaluations for 2007-08 Academic Year.

Trustee Freeman questioned the purpose of the side letter agreement. Dr. Helm responded that the agreement between Hartnell College and HCFA requires that a percentage of tenured faculty be reviewed and evaluated each academic year. This year, two academic deans have left, and it has made it difficult for the administration to remain compliant. Therefore, the side letter is an agreement between the Board and union that acknowledges this problem and provides an equitable solution.

She thanked Joe DeRuosi, Neil Ledford, Joe Welch, Mike Thomas, Beverly Grova, and others for that work; that Osher Foundation Scholarships are available to students in community college and when they transfer to universities. The bag contains a blanket, stuffed animal, toothbrush, pajamas and other age and gender appropriate clothing; and that she, along with Trustee Martinez, met with Walter Wong, who recently retired from the County of Monterey.
