**SWEARING IN STUDENT TRUSTEE**

Board President Valdés administered the oath of office to Armando Cortes, the newly elected student representative to the Board of Trustees.

**RECOGNIZE STUDENT TRUSTEE**

Board President Valdés presented Student Trustee, Lorena Moreno, with a Resolution for her outstanding leadership as a Student Trustee. Dr. Helm presented Lorena with a bouquet of flowers and also thanked Lorena for her leadership.

**PRESENTATIONS**

**Shared Governance**

Dr. Ignacio Pando presented the newly developed shared governance model and Committee Handbook. In spring of 2007, and under the leadership and auspices of the Academic Senate, the college established the Shared Governance Task Force for the purpose of assessing the college’s shared governance process, committee structure, and effectiveness. This task force represented the Academic, Classified and Student Senates, as well as the faculty and staff unions, including Local 39 and administration. At a recent Town Hall Meeting, the college community had the opportunity to review the model, learn about the roles and responsibilities of the committees, composition of committees, and the outcomes of each committee. In addition, they had the opportunity to sign up for committees.

Dr. Pando thanked the members of the Shared Governance Task Force for all of their hard work and commitment. Members are Dr. Ann Wright, Dr. Chris Myers, Gina Rauchenstein, Dr. Jennifer Fellguth, Joanne Trevino, Dr. Kathleen Rose, Dr. Kelly Locke, Langston Johnson, Lourdes Sanchez, Margie Wiebusch, Melissa Stave, Phillip Adams, Richard McGrath, Liz Estrella, and Dr. Ignacio Pando (Chair).

Dr. Pando’s presentation included an overview, key findings, key recommendations, a functional flow chart, new college committees, and listing of Academic Senate standing committees. (Appendix A)

Dr. Helm extended her appreciation to Dr. Pando for his leadership and commended the task force members for taking ownership in the future of the College.

**Educational and Facilities Master Plan**

Dr. Esteban Soriano, Consultant, and Augustine Nevarez, Interim Director, Facilities Planning presented a briefing on the 2008 Educational and Facilities Master Plans. In August 2007, the planning process for the plans began with an comprehensive needs assessment, Ensuring a College that Matters. Based on these data, in January 2008, the college began to review the process and requirements to update the Educational and Facilities Master Plan. Since that time, nearly 200 faculty, staff, and
administration have updated their goals, objectives, and resource requirements for disciplines, programs, and services. There are a number of reasons why the College would want to update the Educational and Facilities Master Plans: to promote institutional quality; to promote shared governance; to create new or refresh ideas; and accreditation. Further, in order for the college to remain eligible for State bond finance and recalculate Measure H funds, as needed, an updated Educational and Facilities Master Plans are required. The presentation included the major 2008-2011 plan initiatives. The complete plan can be found at:

**Bond Oversight Committee Update**

Damon Felice, Townsend Management, Inc. provided an update on the College’s construction projects. The complete report can be found at:

**BOARD DEVELOPMENT**

**Board Policies**

As defined in their development plan, and at their regular meetings, the Board will review, discuss, and revise Board Policies, as necessary. This not only provides an opportunity for the Board to revisit these policies for currency and accuracy, but also provides the public an opportunity to become familiar with board policy.

The following policies were reviewed:

**1000 Series Governing Board Policies**

- **Compensation of Board Members**
- **1100 Meeting Attendance**
  
  The sample resolution attached to this policy will be revised. The current sample is an actual resolution that was submitted to the Board in 2007 and will be revised not to include actual dates and action.

- **1105 Mileage Allowance**
- **1106 Life Insurance Benefits for Members of the Governing Board**
- **1110 Health Benefits for Members of the Governing Board**
- **1020 Agenda and Public Notice**
- **1025 Conduct of Governing Board Meetings**

**Elections**

- **1200 Trustee Areas Defined**
- **1205 Disclaimer on Cost of Printing Candidates Statements**

**Conflict of Interest**

- **1300 District Conflict of Interest Code**

Dr. Helm stated that Human Resources monitor this policy by providing the Board with the appropriate documents to complete and submit. Trustee Freeman said he would like to include a statement that it is a conflict of interest for board members to serve on two boards – specifically when one covers a high school. He is aware of a statute that addresses this. Dr. Helm asked Trustee Freeman to provide her with the statute and she will forward to other board members.
Accreditation: Dr. Helm asked Dr. Kathleen Rose to give an overview of the college’s accomplishments over the past eleven months. In addition, Dr. Helm asked the Board to think about the number of meetings they have attended regarding accreditation, shared governance, funding process, financial planning, and reorganization – the College is truly a wholly owned subsidiary.

Dr. Kathleen Rose proceeded to present the accomplishments. Some of the accomplishments include the college moving its status from probation to warning; the development of a professional code of ethics; employee ethics certification; the Salinas Valley 2020 plan; updated Educational and Facilities Master Plans; created and launched Institutional Transformation and Transition Plan; conducted six Town Hall meetings; developed new format for degrees and certificates; developed student learning outcomes; held two registration rallies; implemented Guarantee Schedule; implemented new software – Accuplacer, Astra and CurricuNET; and revised over 483 courses, developed 36 new courses, inactivated 241 courses, and deleted 78 courses with a cumulative total of 848. (Appendix B)

Finances: Dr. Helm reported that there is still a possibility of reaching a balanced budget on June 30 – it depends on how much the State reduces the 07-08 budget based on failure to collect property taxes or decreased revenue. There is a possibility that the State won’t pass a budget for some time. Dr. Helm asked Barbara Yesnosky to look at the reserves, and determine how long the College can pay the bills without a State budget. The College should be okay for July, August, and possibly September. The College has closed a $3 million funding gap between anticipated income and expense. Some portion of that was due to growth and some was due to increased efficiency in class size and salary savings.

Communication: Dr. Helm reported that Commencement is Friday (6/6) evening, and that on Thursday night (6/5) thirty-six (36) nursing students will be pinned – a significant increase from fourteen last year. Of those, 18 have already received employment offers from Salinas Valley Memorial. Also, as of Monday, Salinas Valley Memorial has, once again, committed $425,000 to the nursing program. They have done this year after year. Also, the Medical Laboratory Technician (MLT) pinning ceremony for 8 graduates was last evening where SVMH, Mee Memorial, and CHOMP were there to support the program. The level of support the College has from the health community is phenomenal.

Tomorrow evening, the College will kick off the West Coast Training Site for the Construction Crafts. Those who complete the construction program, and are licensed, will be able to practice anywhere in the United States. Also, the College and CSU, Monterey Bay have met and are developing, together, a construction management degree. In addition, there is a program that connects to the ROP and goes down to the 4th grade to begin to develop interest in the construction trade.

Next week, Dr. Helm, Dr. Ryan, along with faculty will be attending Digital Bridge Academy, conducted by Diego Navarro, on how to improve the success rate of students, particularly first family members to go to college. It’s the goal to have all faculty trained in 18 months. Another training is scheduled in August.

Dr. Helm recognized and thanked Dr. Chris Myers for his services and acknowledged Dr. Allan Hoffman, who has accepted a CEO position at Ottawa College in Arizona.
Search for Supt./President: President Valdés reported that the Site Visit Committee visited the College of Alameda. It was a wonderful trip and informative. Finalist, Dr. Cervantes, facilitated the visit, and the group met with approximately 17 people, and spoke to people walking around campus. The Site Visit Committee looks forward to their Chicago trip, which is planned June 8-10, 2008. They plan on visiting Truman, Kennedy-King Triton, and Morton Colleges.

There will be a Special Board Meeting on June 17, 5:00 p.m. The Board will take in all of the information they receive, discuss it, and come out with the finalist. Each site visit committee member has been asked to summarize their findings for the Board to review.

The Board anticipates to have a new Superintendent/President placed by July 1.

CONSENT ACTION
On a motion by, Brad Rice, seconded by Patricia Donohue, and carried by those present, the Board moved to approve Consent Actions Items IV.B through IV.J.

Consent Action Item IV.A., Minutes were pulled by Trustee Freeman for discussion and separate vote.

Consent Action Item IV.F, Site License Agreement with Foundation for Community Colleges for State Smog Referee and Student Technician Training Program and Consent Action Item IV.H., Curriculum Committee Actions were pulled by Trustee Freeman for discussion.

MINUTES
A. Trustee Freeman stated that he wanted, for the record, the discussions that happened in closed session at the Special Meetings May 12 and 14; however, discussions in closed session are not recorded and are not a part of the minutes. There being no actual revisions to the minutes, a motion by made by Kari Lee Valdés, seconded by Patricia Donohue, and carried, and the Board moved to approve the approve minutes of the Hartnell College Board of Trustees Regular Meeting of May 6, 2008, and Special Meetings of May 12, 13, 14, 2008. (4 yes; 1 opposed/Freeman)
