PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was led by Trustee DePauw.

REPORT OUT CLOSED SESSION

There was no report out from Closed Session.

PUBLIC COMMENTS

There were none.

YOUNG PROFESSIONALS ROCKET LAUNCH COMPETITION

The Board viewed a DVD of the Young Professional Rocket Launch Competition held earlier this summer in the Mojave Desert. Some members of Team Gemini were present and shared their experience on the project. The team included Justin Jordan, Luciano Cerritos, Ernesto Yzquierda, Carlos Saldivar, Eduardo Anaya, Ralph Aldanese (Hartnell College Naval Post Graduate Interns), Alex Sugabo, Emmanuel Muniz, Mario Cerritos (Alisal High School Engineer Students), Andy Newton, Hartnell College, Jennifer Westerbeck, Alisal High (Project Advisors), Adam Yingling and Tom Seigenthaler (Naval Post Graduate Mentors). The team was first to successfully launch their rocket. The Board applauded the team and congratulated them on their success.

FALL SEMESTER UPDATE

Dr. Greg Peterson, Vice President, Student Affairs, reported that as of today there are 6,791 students enrolled. This enrollment equates to 2,457 FTES which meets 80% of the FTES goal (3,200) set for fall. At this same time last year, the college was at 75% of its goal. Dr. Peterson gave kudos to his staff in Admissions and Financial Aid for working with students to ensure student fees were paid by the deadline and for getting that message out. The college, for the first time ever, set a deadline for student fees and about 1,000 students were dropped for non-payment. This number represents 15% of the total enrollment which means 85% of students were able to enroll and pay on-time. Students who were dropped because of non-payment have the option to immediately re-enroll.

CONSTRUCTION UPDATE (Information VII A.)

The Board received an oral report on the college’s current construction projects. The written report is housed on the college’s website: http://www.hartnell.edu/board/packets/August_2010_Board_Packet.pdf (Page 117). There are delays in opening parts of the Student Center. Steinbeck Hall, the cafeteria, and restrooms will open August 23rd. The remainder of the building will be completed sometime in October. The Board asked specific questions related to the pool renovation, CAB chiller and boiler, and the Five-Year Capital Construction Plan to which Dr. Helm and Damon Felice clarified and/or responded.

PROGRAM DISCONTINUANCE PROCESS (Information VII. C)

The Board received a presentation on the Program Discontinuance Process by Dr. Greg Peterson and Dr. Suzanne Flannigan, Vice President, Academic Affairs/Accreditation. Dr. Helm pointed out that the Discontinuance Process was designed by the Statewide Academic Senate, which clearly falls within AB 1725 as being an academic and professional matter. She reminded the Board that in matters such as these, the Board relies primarily on the recommendations and findings of the faculty. Further, she stated that tonight’s presentation is about the process itself and is not specific to any program and stated that it is important to understand it is not about the auto collision program (as brought forth in the July Meeting public comments by adjunct faculty, Tom Aljeo).

Dr. Helm pointed out that “Program Discontinuance” has not happen frequently, and is generally emotionally difficult and not always understood. However, accreditation issues caused the College to bring these items to the forefront in the past few years. And, given
that at least two members were not on the Board when this process was used last year for the Animal Health Technology (AHT) and Electronics Programs, Dr. Helm felt that a staff presentation would help further clarify the process. In order to help the Board understand the process, but not risk getting in front of the faculty driven process, she asked that the Board frame their questions within the context of the AHT or Electronics Program and not reference auto collision or any existing program.

Dr. Peterson and Dr. Flannigan reviewed the process step-by-step, the Board asked several questions, and a lengthy discussion ensued. Some members commented that they would like a “heads up” as to when programs will be reviewed. They asked questions about how the Discontinuance Committee members were chosen and suggested that ways to reduce the communication gap with the Board while going through the process be considered. Also, the Board stressed the need to offer a variety of programs considering local job opportunities and helping students to obtain higher paying jobs. (Appendix A)

**CONSENT ITEMS**

On a motion by Trustee Padilla-Chavez, seconded by Trustee Healy, vote of 7-0, and by advisory vote of Aye (Taylor), the Board moved to approve Consent Items A through H.

Item F was pulled for further discussion (Padilla-Chavez)

Due to a conflict of interest, Trustee Freeman recused himself from voting on Item B, Disbursements.

**A. MINUTES**

Approved minutes of regular meeting of July 20, 2010.

**B. DISBURSEMENTS**

Approved disbursements from any or all of the following funds: general; debt service; bookstore; child development; capital outlay projects; scheduled maintenance; property acquisition; bond projects; cafeteria; self-insurance; retirees health benefits; associated student body; scholarship, loan, and trust; and intercollegiate athletics.

**C. PROPERTY SURPLUS**

Declared property as surplus and authorized the administration to dispose. (Appendix B)

**D. GRANT APPLICATION – TECH PREP**

Ratified grant application to the California Department of Education for the Tech Prep Demonstration Site Grant Program for funding to support the Salinas Valley Career Technical Education Consortium for Sustainable Energy, accepted funds, and authorized administration to enter into partnerships and worksite agreements. If awarded, the college could receive $100,000 over one year.

**E. EXTENDED TERM OF SITE LEASE AGREEMENT – SMOG**

Ratified an amendment to extend the term of the site license agreement with the Foundation for California Community Colleges for Smog Referee and Student Technician Training Program through November 30, 2010.

**F. FIVE-YEAR CAPITAL CONSTRUCTION PLAN**

Approved the submittal of the Five-Year (2012-2016) Capital Construction Plan to the California Community College Systems Office.

Trustee Padilla-Chavez asked which projects were removed from this year’s plan. Damon responded that the CALL Building, Northeast landscape, Athletic Fields, and CAB Refresh #2 were all removed and that the Technical Training Building (Alisal Campus) was added to the plan.
Trustee Healy asked about the development of the plan and Dr. Helm responded that this plan was developed when Measure H was presented to the voters in 2002 and continues to get updated annually. Damon further explained that the Five-Year Capital Construction Plan is designed to keep the Chancellors Office informed of projects and is a living document that is submitted to the Chancellors Office each year.

G. PROJECT AGREEMENTS

Authorized the administration to enter into agreements with entities to support field construction projects for the college’s construction program for academic year 2010-11.

H. PERSONNEL ACTIONS

Approved and/or ratified personnel actions. (Appendix C)

ACTION ITEMS

BUDGET REVISIONS

On a motion by Trustee Healy, seconded by Trustee DePauw, by vote of 7-0 and by advisory vote of Aye (Taylor), the Board moved to approve budget revisions numbered 8924 to 8933.

RESOLUTION 10:8

On a motion by Trustee Padilla-Chavez, seconded by Trustee DePauw, by roll-call vote of 7-0 and by advisory vote of Aye (Taylor), the Board adopted Resolution 10: 8, To Amend 457(b) Plan to Allow Discretionary Employer Contributions.

RESOLUTION 10:9

On a motion by Trustee Padilla-Chavez, seconded by Trustee Healy, by roll-call vote of 7-0, and by advisory vote of Aye (Taylor), the Board adopted Resolution 10:9, Approving Assignment of Delinquent Tax Receivables to the Monterey County Educational Delinquent Tax Finance Authority for fiscal years ending June 30, 2010, 2011, and 2012, and Authorizing Execution and Delivery of Related Documents and Actions.

INFORMATION ITEMS

MODIFIED IPP – HEALTH SCIENCE CENTER BUILDING

The Board received the modified Initial Project Proposal (IPP) to the California Community College Systems Office for the Health Science Center Building.

SENATE REPORTS

Student Senate

Student Senator Timothy Miguel announced the Senate is planning a welcome back event during the first week of school that will include bagels and donuts; that they plan to promote and inform students of programs and services available to them; that there are two senate seats open as well as 20 vacancies on committees; that the Book Lenders Program is in operation and students can borrow up to two books for $10 each per semester; that the cat card system is going well, and the Program and Services department continues to work with business to provide discount opportunities for students – currently the senate is working with Monterey-Salinas Transit to provide student discount bus passes. Mr. Miguel has been in contact with Supervisor Armenta, Supervisor Salinas, and Dr. Nancy Kotowski (all members of the Monterey-Salinas Transit Board) to ask for their support in this matter. Also, he thanked Dr. Helm and Dr. Peterson for their letters of support to MST. This item will be placed on the September agenda for the Monterey-Salinas Transit Board.

Nancy Schur, the 2010-11 Academic Senate President, reported that the Steering Committee met this summer and that they look forward to the coming year. The Steering Committee includes past president, Dr. Kelly Locke, Barbara Durham, Janet Pessagno, Sunita Lanka, and will elect a member-at-large early in the fall.
Dr. Helm reported that:

- They will take advantage of the fact that the cafeteria is not yet open and work to create a sense of hospitality by providing free coffee and water in the welcoming tents and Mike Cunnane will have $2 lunch (BBQ) each on the lawn area during the first week of the term.
- The college has once again been funded for the TRIO grant. The grant is for $1.1 million over five years. The focus of the TRIO grant is for the migrant worker and migrant education.
- The Community College League of California (CCLC) has contacted community colleges regarding the need to amend SB 1440, Student Transfer. The Senate Bill gives transfer priority to students by geographical area and the amendments make it clear that community college students should have access to any college for particular majors that are not offered in their geographic area. Dr. Helm asked the Board to contact local politicians and ask them to support the amendments. Information pertaining to this bill will be forwarded to the Board. The bill was developed in response to the “limited availability of higher educational opportunities in California due to budget cuts”.
- For the September 7th meeting, Dr. Helm and staff expect to bring forward for adoption the final budget for fiscal year 2010-11 even though the state has not yet adopted a budget. This could mean that budget amendments would be necessary later in the year, but that is typical anyway since budgets are living documents and often are revised as funding shifts.
- Dr. Helm informed the Board that every ten years when the Census is complete, boundaries for sub-districts (trustee areas) have to be redrawn. This process must be completed early next year and typically is done by use of a consultant. Dr. Helm stated that all school districts with sub-districts are required by law to undergo this process and perhaps Hartnell and local school districts can join together in this process. She will contact MCOE to see if they are interested in pursuing this matter jointly.
- Dr. Helm shared an article she received at the Summer 2010 CLASS Institute. The article addresses college completion rates and will be sent electronically to the Board. Also, she mentioned a presentation made by Scott Lay, CEO, CCLC, and stated that he has offered to present at a future meeting.

On a motion by Trustee Freeman, seconded by Trustee Montemayor, by vote of 7-0, and by an advisory vote of Aye (Taylor), the Board moved to approve the travel request for student trustee, Shaundra B. Taylor, to attend the Student Trustee Workshop, August 13-14, 2010, Newport Beach, California in the amount of $684.80.

Trustee Taylor congratulated the Team Gemini for successfully launching their rocket and that she is impressed with all of the student presentations made at meetings, that she looks forward to attending the student trustee conference and plans to report out at the September meeting.

Trustee Freeman said he appreciated the tour of the CALL, that he especially liked the nursing area; he congratulated Team Gemini for their accomplishment and hopes to see a Hartnell student become an astronaut someday; that he would like to see enrollment increased; that he believes the new meeting room is really nice, but would like to see it used by students.
Trustee Healy stated that he’s excited about the board’s development – that he finds them to be productive and he thanked Peter and Firehawk for their help; that Sunrise House has begun their campaign with the local middle and high schools urging students to sign “contracts pledging not to use drugs or alcohol” and offered to provide this service to Hartnell students as well; and thanked the staff for the tour and update on enrollments.

Trustee Padilla-Chavez reported that she met with Paulette Bumbalough, King City Education Center, and was pleased to learn that the center contributes $1 million to the budget – that it’s a great place; she commended Daniel Ortega, Soccer Coach, for his genuine collaborative spirit and for all of his work on the soccer summer camp – this summer ten (10) south county businesses, through the efforts of her spouse, sponsored children, allowing them to attend summer camp when they would not normally have the opportunity; and she asked about course schedules being placed in public places within her district.

Trustee DePauw stated she liked the DVD on Team Gemini and shared that she visited NASA; that she always enjoys hearing student presentations and appreciates the senate reports; that the board’s development is going nicely; she thanked those who supported the Monterey County Ag Education BBQ – it was successful; that she and others from Hartnell attended John Inman’s memorial service – Mr. Inman served on the Board for several years; that his past weekend, runners from half-marathon ran passed her home and that the second-placed winner was former Hartnell student, Daniel Tapia.

Trustee Montemayor thanked Andy Newton for his work with Team Gemini and thanked everyone for the tour of the nice, new building.

Trustee Gonzalez-Castro stated that she is pleased for Andy Newton and Team Gemini – Mr. Newton always has nice ideas and that she is impressed with the new building – the finished product is amazing.

Trustee Donohue stated that she attended the CLASS Institute, too and is excited to share what she learned with the Board.

**NEXT MEETING**

September 7, 2010, 5:00 p.m., CALL Building, 2nd Floor, Room 208, 411 Central Avenue, Salinas.

**ADJOURNMENT**

On a motion by Trustee Healy, seconded by Trustee Padilla-Chavez, by vote of 7-0, and by an advisory vote of Aye (Taylor), the Board moved to adjourn the meeting at 8:48 p.m.
