After a lengthy discussion of questions and clarifications, Trustee Montemayor called for the question and the Board voted.

Shelley Lapkoff, Demographer, gave an introduction to the Census 2010 Redistricting Process (Appendix B). Ms. Lapkoff stated that districts that elect by subareas must check compliance after each census and that Education Code requires trustee areas be made equal in population after each US Census. Further, Ms. Lapkoff addressed the general considerations and required redistricting criteria, including those required from Education Code and those approved by the courts. 2010 Census data show that, when compared to the 2000 Census, Hartnell trustee areas exceed the 10% deviation which will require
redistricting and the Board will need to determine how they will proceed with the process. Dr. Helm reviewed the steps that are needed to move the process forward: 1) appoint a redistricting coordinator; 2) establish guiding principles; 3) determine the committee structure; 4) establish criteria for selection, including geographic spread within the trustee area to obtain breath of representation; 5) advertise and solicit nominations for citizens to serve; 5) set meeting dates and appoint a facilitator for the meetings, a parliamentarian, and a recorder.

The Board discussed at length how they should move forward and decided to appoint a subcommittee (Freeman, Gonzalez-Castro, and Healy) to work with Dr. Helm to develop the guiding principles and bring forward recommendations on how to move forward.

MONTEREY COUNTY TREASURERS REPORT

The Board reviewed and accepted the County of Monterey Treasurer’s Report of Investments for the Quarter Ending December 31, 2010.

In addition, Trustee DePauw asked if the sidewalk project is underway and Mr. Reyes responded there was a slight delay due to the rain, but that the project has begun.

FINANCIAL STATEMENTS

The Board received the financial statements for the period ending February 28, 2011.

UNDUPlicated STUDENT HEAD COUNT

Dr. Helm distributed updated numbers (unaudited) on the unduplicated student head count for Spring 2011 stating that these numbers identify the number of students attending different sites. Trustee Padilla-Chavez stated that these data tell her that public transportation between the Main and Alisal Campuses needs to be considered.

SENATE REPORT

J.D. House, Communications/Public Relations, reported that the Senate continues to fundraise for Mayagi University (see the Hartnell College web site) and he reported and that the Senate is holding their elections tomorrow.

Academic Senate

Nancy Schur, President, read aloud the Resolution, Use of Paraprofessionals, which was adopted by the Academic Senate. Ms. Schur clarified that this is not being done at Hartnell, but is a trend opposed by the counselors and Academic Senate.

PRESIDENT’S REPORT

Dr. Helm distributed a technical budget development calendar and she complimented Kent Stephens and his staff for their work on this calendar. She reported that the media has asked her about Hartnell’s budget, specifically why there were no layoffs in the March Agenda, and she pointed out numerous ways in which the Board and staff addressed budget gaps over the past four years. She commended the Board and staff for all of their conservative efforts and stated that everyone should be proud of what has been accomplished. In closing, she commended Kent Stephens for his outstanding work in projecting the budget and for staying informed about what is happening around the State.

Conference she attended where she and other student trustees discussed issues around their campuses; that she is participating in and distributed information on Hands Across California and that the Student Senate voted to participate. In addition, he reported that the Sunrise House’s financial report shows a reserve of $200,000; that they won $10,000 at the AT&T Pebble Beach Program for a Hole in One, and Jim Rear (Executive Director) identified 10 students from each school to participate in a fieldtrip to the San Francisco Exploratorium. This trip was donated by an anonymous community member and the Rotary, and Trustee Montemayor reported that many exciting things are happening, including efforts with the Boys and Girls Club.

Trustee Gonzalez-Castro said she is concerned to hear student comments regarding certificates in the Auto Collision Program and asked for an update; that she is excited about the upcoming CCLC Annual Trustee Conference in Monterey and encouraged everyone to attend because it is important. She recalled a conference where she learned about the K-16 Bridge Program and is pleased that Hartnell College is now part of this program. Also, she expressed that she believes it’s important to be members of associations because it allows Hartnell to showcase the wonderful work that is being done. She believes that the work she does and the work of the Board, as a unit, and is important to her and to the college. She reported on the upcoming musical performance, *Let The Eagles Fly: The Story of Cesar Chavez*.

Trustee Freeman asked what is being done to improve services to our students and asked why Hartnell students could not attend the march in Sacramento because MPC students did. Also, he stated he is opposed to having paraprofessionals work as counselors – that our students deserve better including student in the Auto Collision Program.

Board President, Erica Padilla Chavez reported that the Women’s Education Leadership Institute received a $50,000 contribution from Bruce Taylor. These monies will assist in providing scholarships to women. In addition, she commended Carla Johnson who helped organize Farm Workers Awareness Day –it was an informative event. Introduction to the Census 2010 Redistricting Process

Why Redistrict?

✓ All jurisdictions that elect representatives by subarea must check compliance with “one person, one vote” requirement after each Census

✓ California Education Code requirement that trustee areas be made equal in population after each U.S. Census
General Considerations

- Must use Census 2010 data
- The federal Voting Rights Act applies
- The *process* of redistricting is important, especially since preclearance is required. A redistricting advisory committee would provide opportunities for public input.
Redistricting Criteria

*Required redistricting criteria:*

1. Substantial population equality.
2. Total deviation up to 10% is presumptively constitutional. However, 10% is not a “safe harbor” – deviation must be justified by “legitimate considerations incident to the effectuation of a rational state policy.”
3. Compliance with Section 2 of the federal Voting Rights Act. Changes must not be *retrogressive*.
4. Must finish redistricting by March 1, 2012 (Education Code)
5. Preclearance required (Section 5 of the federal Voting Rights Act)
Redistricting Criteria (continued)

Traditional redistricting criteria (from the California Education Code):

4. Topography
5. Geography
6. Cohesiveness, contiguity, integrity, & compactness of territory
7. Community of interests of the [trustee areas].
Redistricting Criteria (continued)

Additional factors approved by courts include:

8. Respecting the boundaries of political subdivisions (e.g., school attendance areas, city boundaries, precinct boundaries, etc.).
9. Use of whole Census geography (e.g., Census blocks).
10. Avoiding head-to-head contests between incumbents.
11. Anticipating future population shifts.
12. Districts may establish other criteria to address unique local concerns.
Redistricting Criteria (continued)

Forbidden Considerations:

13. May not use race as “predominant” factor, unless there is a “compelling state interest.”
Possible types of communities of interest (secondary school districts and cities), along with current trustee areas:
We checked Census 2010 data for the current Hartnell trustee areas, and found that the plan deviation exceeds 10%. Redistricting is required.

- **Underpopulated**

Note: These data exclude inmates.
1. Board authorizes formation of a citizens redistricting advisory committee, which may consist of individuals broadly representative of the community (both geographically and in terms of various communities of interest):

   a. Two members appointed by each current Trustee.

   b. Additional members representing various community groups (suggestions follow).
b. Groups that might be asked to provide a representative include:

- LULAC
- NAACP
- Filipino American Association
- League of Women Voters
The Redistricting Process (continued)

2. Committee will:

- Discuss redistricting criteria, including
  - Types of communities of interest to consider (K-12 districts, city limits ...)
- React to plans prepared by demographers and suggest plans,
- Meet in various communities throughout the college district to receive public input about proposed plans,
- Decide which plan(s) to recommend to the Board.
The Redistricting Process (continued)

3. New plan is adopted by the Board before March 1, 2012.

4. Preclearance submission is made to U.S. Department of Justice.

5. If precleared, new plan goes into effect in time for the next candidate declaration deadline (July 2013).
