$539.8

$365.5

TOTAL DEBT REDUCED BY $175 MILLION
At this time, the Community College District is looking to make classroom and educational facility improvements and is considering placing a facilities improvement bond measure before voters in your community on an upcoming ballot. If the election were held today, would you vote YES in favor of the measure or would you vote NO to oppose the measure?

“To improve the quality of education and job training; provide upgraded college facilities for students with funding that cannot be taken by the state; renovate, modernize, and construct classrooms, labs, and student support facilities; increase student access to modern technology; improve nursing, science, agriculture, and literacy programs; construct/expand libraries; and make handicap accessibility and security improvements, shall Hartnell Community College District issue $170,000,000 of bonds at legal interest rates, include an independent citizens’ oversight committee, and NO money for administrative salaries?”
