Welcome Back!
by Jane Sanchez Hernandez

Hello Hartnell Students,

First of all, congratulations on making it half way through the Spring semester. We hope that everyone had a well deserved time off during spring break. As we prep for the second half of the spring semester, we want to remind you the importance of your emotional well being. If you are struggling with classes, please remember that there is an incredible team at The Panther Learning Lab, who is capable and willing to help you succeed. If you just need to talk to someone, please reach out to Crisis Counseling, or one of your ASHC student leaders. :)

Photograph by Judith M Gonzalez
Description: old town under construction
For my baby girl
I love the way you talk
I love the way you walk
I love the way you make me believe
That our love will never leave

And everytime you cry
And everytime you sigh
And everytime your little eyes shine
When I hold your little hands in mine
Your cute smile reminds me that everything is fine

The leaves go from green to brown
The pumpkins change to snowflakes all across the town
Until the sunshine dries up all the rain
All year I love you more

Knowing you feel the same!

Poem by David Orta
Description: All in all, in all things love I've learned so much, but this one's the one that's most above.
