

ENGINEER

The objective of this position is to maintain TV-Radio studio equipment, general operations, and assist the Chief Engineer as required.

Corresponding hands-on experience is required in order to successfully manage the following responsibilities:

- Set-up, maintenance, and installation of studio and television production and transmission equipment, microwaves, satellite dishes, encoders, decoders, servers, etc.
- Perform regular maintenance and repair of broadcast and related equipment using knowledge and understanding of work tools, test equipment, and system operations.
- Prepare and execute regular maintenance schedules, reports, and documentation for the studio, field operations, transmission sites, engineering, and general operations.
- Assisting in the maintenance and installation of computer workstations and computer-based TV production and automation broadcast equipment.
- Maintaining equipment stocks and inventories, reports, keeping common areas clean and organized.
- Filling in for operation staff when necessary, possibly with short notice.
- Other duties, as directed by supervisors.
- Some overnight or weekend hours may be required.

The ideal candidate must have at minimum a basic college education, have experience supervising and training others, as well as experience in a broadcast engineering capacity- specifically in a television or radio production/transmission facility. Experience and knowledge of non-linear editing systems, broadcast equipment, broadcast transmission equipment, computer-based systems, familiarity with public access rules, and FCC regulations, Statmon Systems, and being bilingual (English/Spanish) will build your strength as a candidate.

Strong interpersonal, communication and time-management expertise are critical to this role, along with excellent reporting, writing, and organizational skills. The successful candidate must be able to lift at least 50 pounds in order to handle equipment, be able to climb ladders safely and have/maintain a current valid California driver's license.

Please note, this job description is not designed to cover or contain a comprehensive list of activities, duties, or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.
