Job description -

We at OneMain financial are presently in need of the services of intelligent, dedicated self-motivated, responsible and detailed individuals for the role of systems analyst, individuals who will be part of our company, individuals who are open to learning more about the financial services and Insurance services.

Applicants will be trained using necessary software for proper job delivery.

Applicants will work by themselves for now due to the ongoing Covid-19 restrictions, but will report to a supervisor weekly with job reports and necessary details.

Having knowledge about various programming languages will be an added advantage.

Duties

- Strong analytical, problem solving and organizational skills
- Interact with internal users and customers to learn and document requirements that are then used to produce business required documents.
- Write technical requirements from a critical phase.
- Highly Proficient in using Quick Books, pulling and compiling reports

Requirements:

- Must be at least 18 years of age.
- Must be computer and internet savvy.
- Must pay excellent attention to details and committed to accuracy.
- Must be responsible and should be able to work independently on your own
- Have strong communication skills to report back issues that could help company's growth.
- Smart and efficient research skills.

Interested applicants should send resume to - OneMain-financial@usa.com

Pay - \$15 per hour

Hours - 25 hours weekly

Start – 8/19/2020

Deadline – 10/24/2020
